MOU SIGNED WITH HARRISBURG UNIVERSITY OF SCIENCE AND TECHNOLOGY, USA

MOU was signed on April 12, 2022 with Commonwealth of Pennsylvania which will give right to the students of St. Bede's to enroll in any university which comes under State of Pennsylvania. Its purpose is to create stronger connections between universities and colleges in India and the Commonwealth in order to foster diverse educational exchanges and to provide opportunities for more Indian students to study at one of the Commonwealth's institutions of higher education. To make this MOU functional another MOU was signed on May 23, 2022 with St. Bede's College and Harrisburg University of Science and Technology, USA that focuses on its educational mission in the areas of science, technology, engineering, and math (STEM).

LIST OF ACTIVITIES DONE UNDER MOU

Two students have been granted admission for completion of M.S. Biotechnology, Medical Biotechnology Concentration at Harrisburg University of Science and Technology, USA under this MOU

Ms. Era Chauhan Recommendation Letter

[BACK](#)

Dear Era,

Congratulations! Harrisburg University of Science and Technology has reviewed your application for admission to the Graduate Program and it is our pleasure to offer you admission for entry in Fall 2023 which will begin on August 26, 2023. You have been granted admission for completion of the M.S. Biotechnology, Medical Biotechnology Concentration.

Letter of Confirmation of Ms. Era Chauhan

It is with utmost pleasure and great pride that I'm writing this letter of recommendation for Ms. Jasmine Chauhan for admission into MS. Biotechnology from Harrisburg University of Science and Technology, Pennsylvania, USA. I have known her for three years both professionally and personally. During the three-year course she has participated in Quiz Competition on World Animal Day and secured third position. She has been an active member of the department by participating in an inter-college Poster Making competition on Wildlife Week and secured third position. She was a part of National Cadet Corps organization for two years. Being a part of NCC organization she had participated in various activities like cultural programs (dance), poster making, Clean India and Fit India campaign, essay writing competition etc. She had attended a CATC camp, took part in squad drill competition and cleared BEE certificate exam with A grade. She has shown keen interest in Wildlife photography competition. During her visits to several research laboratories, Jasmine demonstrated great tenacity and sincerity in her studying. She also has a careful approach to research work. It is also admirable how well she performs under pressure and meets strict deadlines. She is capable of multifaceted jobs and the creation and innovation of existing ideas. She has a laser-like focus on the subject, is a gifted artist, and loves to work for the environment through her projects and original ideas. Every time she is given an assignment to submit, in my memory, she comes up with creative ideas.

She also enjoys including everyone and demonstrates outstanding leadership abilities. She can contribute to numerous channels at once and takes her research in her field very seriously. Her extracurricular talents in role-playing and creating posters are highly commended. She excels in sports as well, so her accomplishments are not limited to the classroom. She has participated in the college's numerous events, such as the Science Day display, World Food Day, and the Health and Fitness workshop, with sincerity and obedience. She embodies the core qualities of a team player and has consistently collaborated with her co-workers to accomplish the goal. She is a meticulous and capable of managing delicate circumstances.

She has a creative mind and a love of technology. She also exhibits a strong sense of leadership. By assisting her fellow students, she has demonstrated her abilities as a strong leader. She is a dependable, diligent, and committed student at our college, in my opinion. I therefore heartily urge her to apply to your prestigious university, which would aid her in expanding her knowledge and pursuing her goals. Jasmine has a strong commitment to the idea of education. She takes her responsibilities for any work given to her very seriously. The inclusion of Jasmine would be priceless for your university. I'm available if you need further information. Please feel free to email me at stbedscollegeicbc@gmail.com
