GUEST LECTURE ON PROBABILITY AND STATISTICS IN COMPUTER SCIENCE AND ENGINEERING

Objective: To provide students with clear understanding of the fundamental concepts of Probability and Statistics and the importance of these concepts in various aspects of Computer Science and Engineering.

Description: Department of Mathematics and Computer Science organised a guest lecture on the topic “Probability and Statistics in Computer Science and Engineering” on November 8, 2023 for the students of Maths and Computer Science in the seminar room. Dr. Pawan Sharma, Associate Professor, Department of Mathematics and Scientific Computing, NIT, Hamirpur was the resource person. The resource person discussed about the significance of probability and statistics in the fields of computer science and engineering.

Outcomes: Students acquired a more profound comprehension of foundational concepts in probability and statistics with their relevance to computer science and engineering. Additionally, students became cognizant of the practical applications of probability and statistics in decision-making, data analysis, and diverse engineering projects.
