AWARENESS TALK ON “CYBER SECURITY AND AWARENESS”

Department of Computer Science organised an awareness talk on “**Cyber Security and Awareness**” on February 23, 2024, in the college auditorium. Mr. Mohit Chawla, DIG, Cyber Crime (CID), HP, Shimla, was the esteemed speaker. He was accompanied by his team Mr. Yashwant Thakur, Inspector, Ms. Manu Sharma, Ms. Diksha Sharma and Mr. Kamlesh. The talk emphasised on the new risks and vulnerabilities, particularly in the realm of cybersecurity. 369 students of the college attended the awareness talk.

Objectives:

To make students aware abouts the fundamental concepts of cybersecurity, including what it is and why it's important, different types of cyber threats, such as phishing, malware, ransomware, and social engineering, best practices for staying safe online, such as creating strong passwords, using two-factor authentication, and avoiding suspicious links and the importance of data privacy, including how personal and sensitive information can be protected online. These objectives aim to provide a comprehensive understanding of cybersecurity, equipping participants with the knowledge and skills they need to protect themselves and others in an increasingly digital world.

Outcomes:

Students understood the cybersecurity basics, how to safeguard their personal information and understand the significance of privacy settings on social media and other platforms. Students also become aware of common cyber threats and how to identify them in their daily online activities and needs to adopt safer online behaviours that reduce their risk of falling victim to cyberattacks.
