Restricted Entry of Automobiles

The college campus imposes restrictions on vehicle admissions. Access to the college's property is granted solely to staff members, who are permitted to park their vehicles on-site. The campus security personnel maintain a log to document the details of visitors. College students utilize bus pass services to enhance their use of the public transportation system.

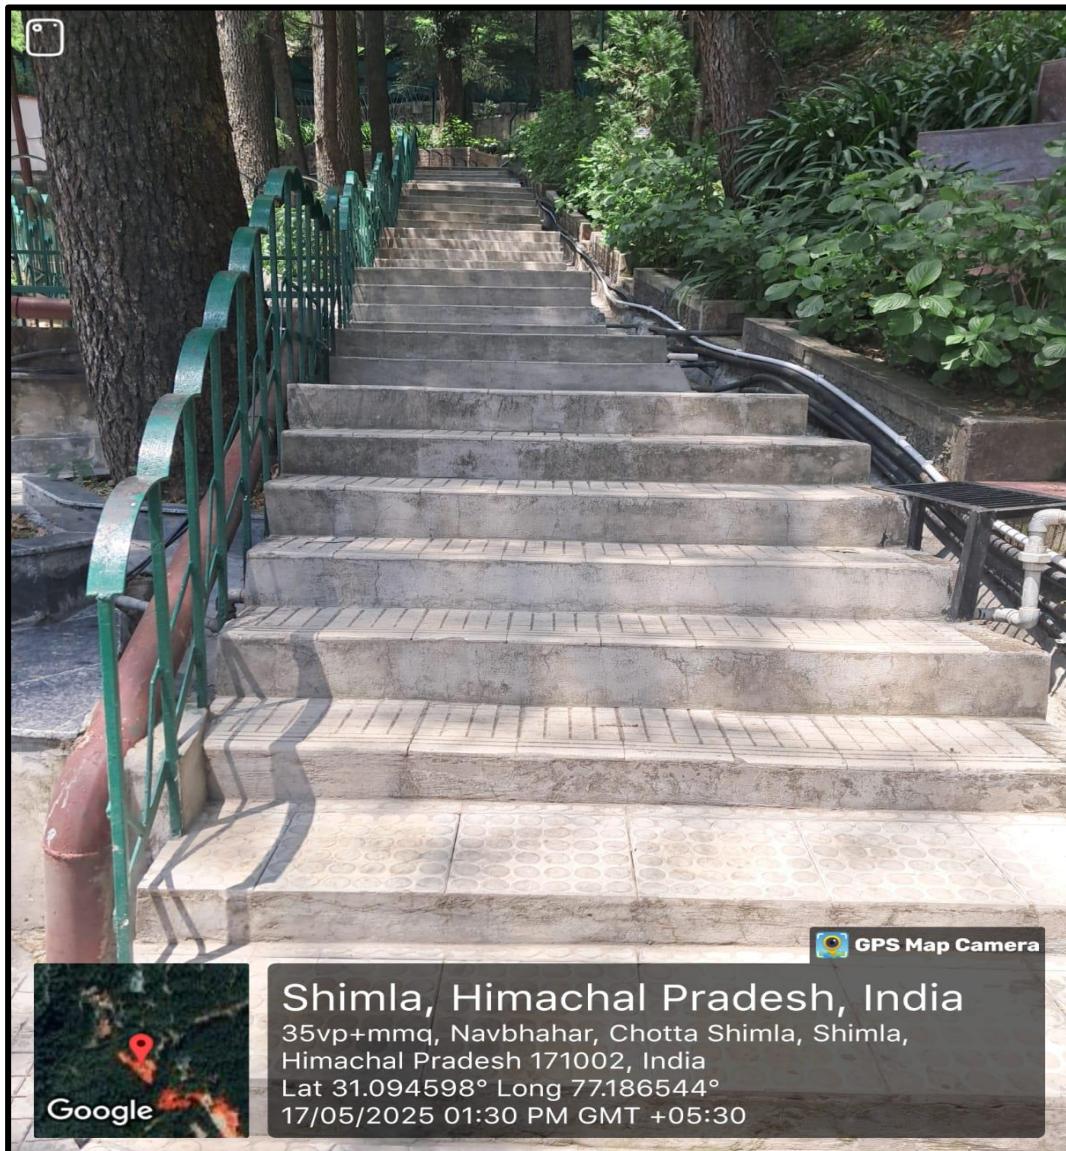

Restricted Entry of Automobiles

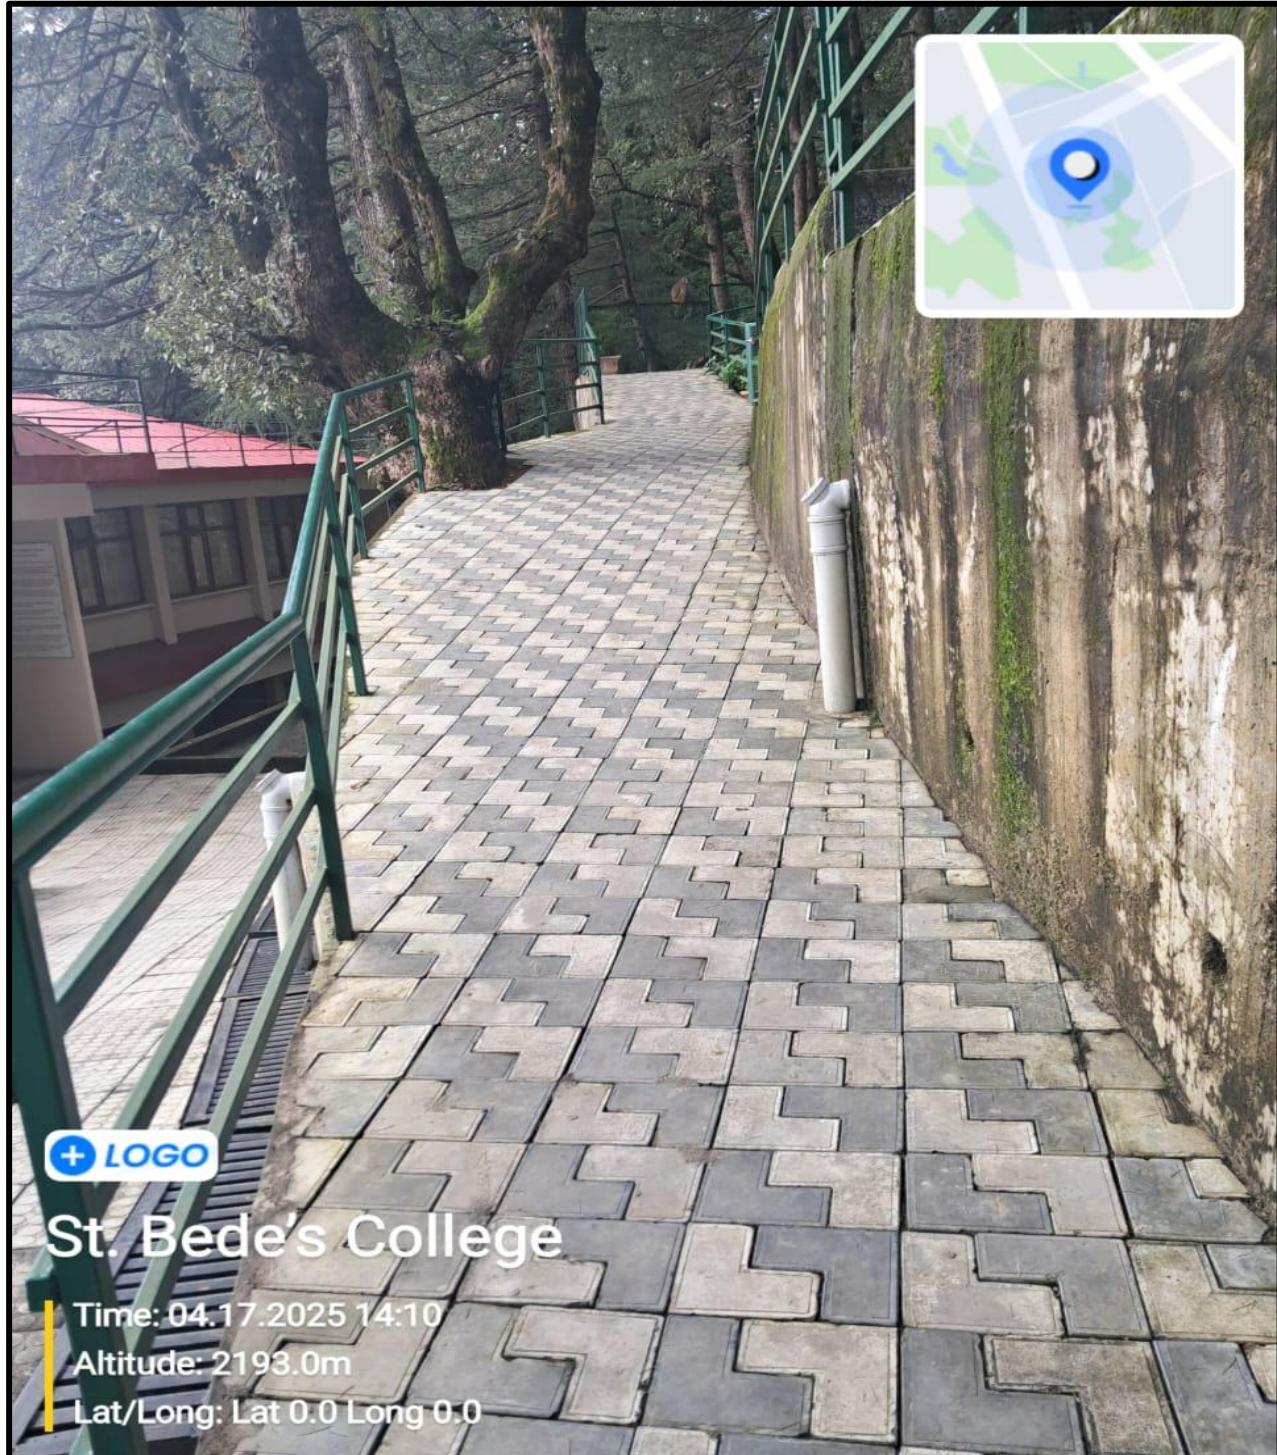

Pedestrian Friendly Pathways

Due to its mountainous surroundings, St. Bede's College has constructed pedestrian-friendly pathways and staircases equipped with railings to facilitate walking, particularly during snowfall.

Ban on the Use of Plastic

The use of polythene is explicitly forbidden on the St. Bede's College campus. Students are advised not to use or bring plastic items to class. Both students and staff are regularly informed about the hazards associated with plastic through various activities organized by different departments and groups.

Ban on plastic use

Ban on plastic use

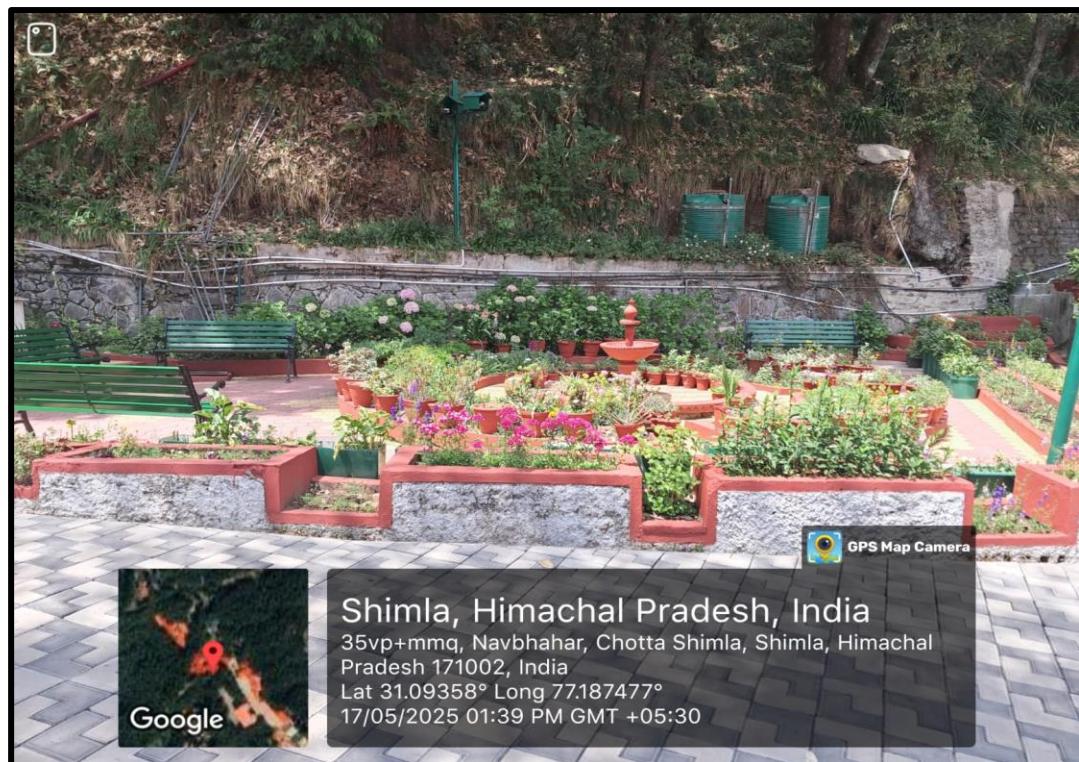

Landscaping with Trees and Plants

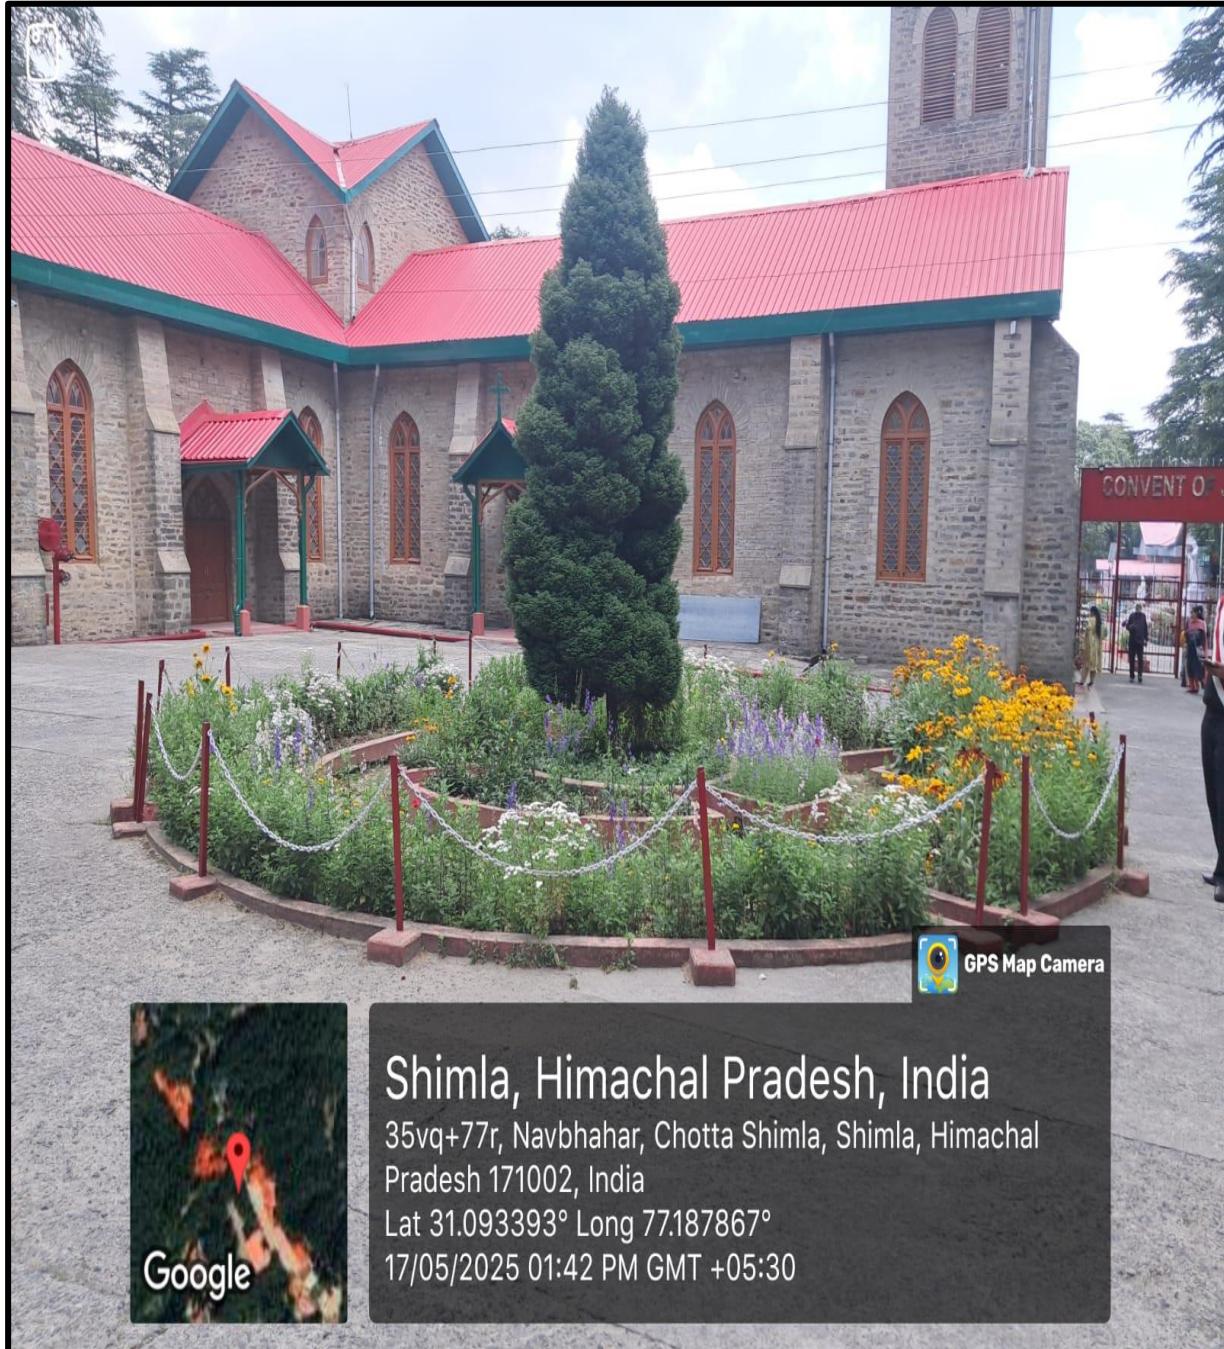

The college is surrounded by oak, rhododendron, and cedar trees, which offer shade throughout the year, contribute to fresh air, and create a peaceful atmosphere. For nearly a hundred years, the institution has expanded its constructed area while safeguarding and preserving its greenery. The college has conducted a thorough taxonomy of the college flora to assist visitors, students, and other stakeholders in recognizing the various species of trees and plants.

Herbal Garden

The herbal gardens serve as living laboratories, providing students with hands-on experience in plant identification, cultivation, and the properties of herbs, supporting studies in botany, pharmacy, and related sciences. They also contribute to preserving biodiversity and promoting the cultural and economic importance of medicinal plants. The college is also having herbal garden with vast variety of medicinal plants. The department of botany organizes activities to aware students about the importance of these plants throughout the year.

Herbal Garden

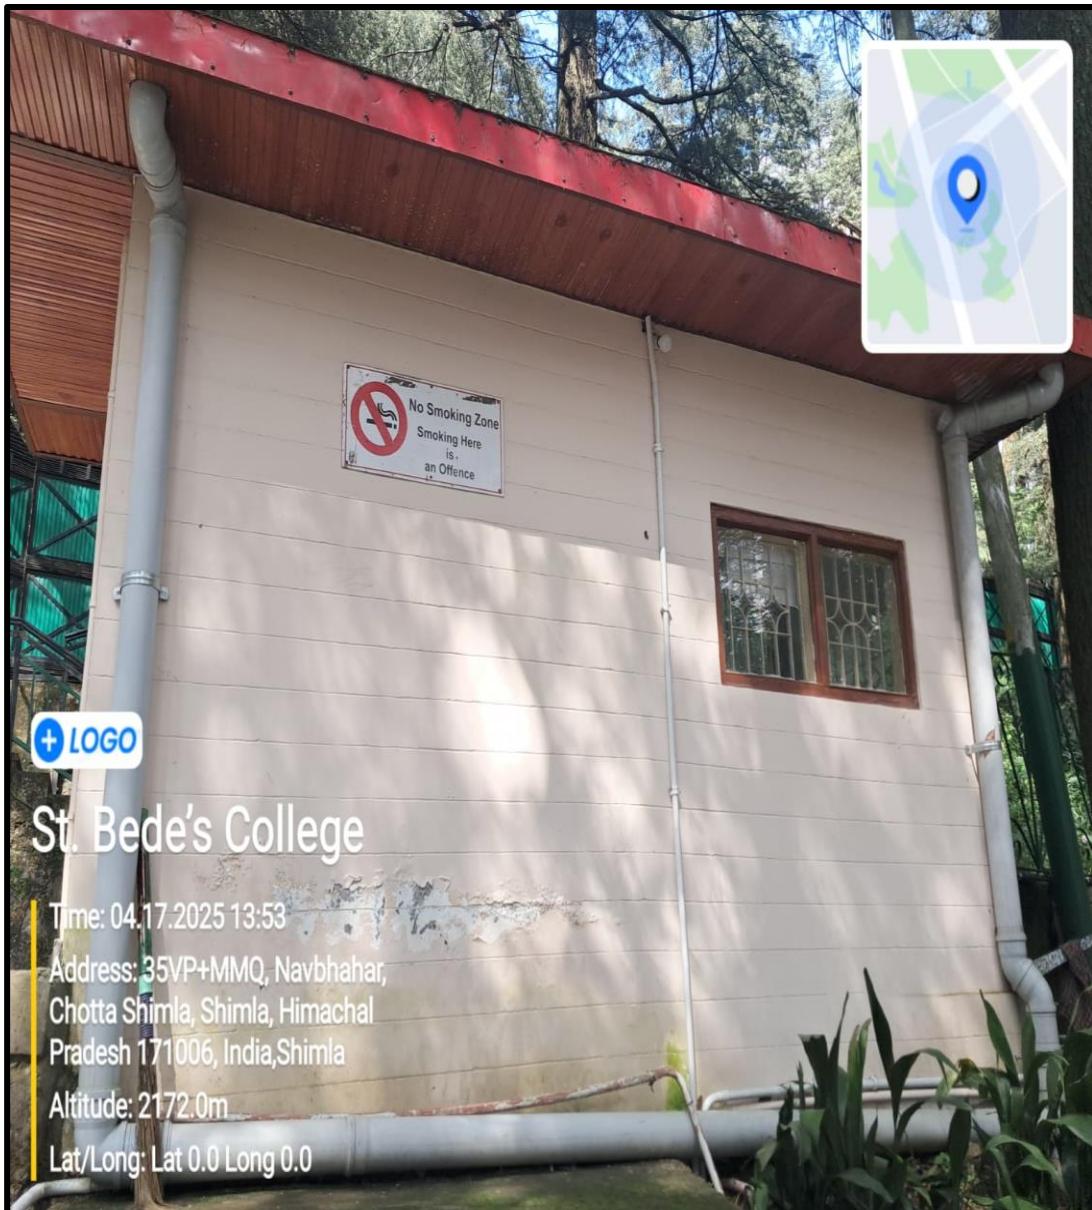

Herbal Garden

Smoke-free Zone

Smoking is prohibited in all areas of the campus. In the composting facility, dried leaves are not burnt, instead along with other biodegradable waste produced on campus, it is converted into fertilizer.

Smoke free campus

GREEN CAMPUS INITIATIVES

1. Tree Plantation Drive

The NSS unit of St. Bede's college organized a tree plantation drive under the 'Ek Ped, Maa Ke Naam' on August 3, 2024. The NSS volunteers participated enthusiastically in this drive. Around 100 saplings were planted in the Bhattacharjee area. The event was inaugurated by the chief guest, Prof. (Sr.) Molly Abraham, the principal of the college. Along with the principal, the teachers in charge of NSS unit and some officers of forest department also participated in this event by planting the saplings. Refreshments were given to the volunteers.

2. Tree Plantation Drive

On August 13, 2024, a tree plantation drive was organized by the Environment Awareness Cell of St. Bede's College Shimla. The main objective of this event was to enhance green cover and promote environmental consciousness. The initiative, organized by Environment Awareness Cell, focused on planting Deodar and Horse Chestnut trees. The event witnessed an active participation of enthusiastic students of St. Bede's College. Volunteers were briefed on planting techniques and environmental benefits. The saplings were planted in designated areas, ensuring proper spacing and depth. This event not only added 30 saplings to the college campus but also raised awareness about the importance of trees and environmental stewardship among the students.

3. Visit to Himalayan Forest Research Institute

On September 3, 2024 the students of B.Sc. - III, Department of Zoology, St. Bede's College visited Himalayan Forest Research Institute, Panthaghatti Shimla. The day began with a detailed presentation delivered by Dr. Akhil, a research associate at the institute. He started by introducing the students to the history and development of the Himalayan Forest Research Institute. He explained the institute's role in contributing to forestry research, its inception, and its mission to conserve and manage forest resources, especially in the ecologically sensitive Himalayan region. He provided a comprehensive overview of the various research initiatives undertaken by the institute. These included studies related to forest biodiversity, ecosystem conservation, climate change impacts, and sustainable forest management and forest protection. Dr. Sandeep Sharma, Director of HFRI, provided students with guidance on available internships and project opportunities at the institute, including summer and winter projects. These opportunities aim to help students gain practical experience and enhance their skills in forest research and related fields.

4. Swachhata Hi Seva Campaign

Description: The NSS unit of St. Bede's College organized various activities under the Swachhata Hi Seva campaign from September 17th to October 2nd 2024, with the theme "Swabhav Swachhata Sanskaar Swachhata". Volunteers participated in cleanliness drives across the campus and nearby areas, waste segregation, tree plantation, and awareness programs on sustainable waste management. Creative competitions like slogan writing and poster making were also held to promote cleanliness. The campaign concluded with a Swachhata rally, Nukkad Natak on Swachhata and Skit on Waste management, contributing to the national mission of Swachh Bharat.

7. Presentation on Waste Management

On October 1, 2025, the NSS unit of St. Bede's College organized a presentation on waste management. Dr. Shruti Gupta, Assistant Professor and Head of the Department of Biotechnology, delivered valuable insights on waste segregation, recycling, and composting, highlighting their importance in achieving a cleaner environment. The event encouraged active participation from students and staff, fostering a collaborative approach to sustainability.

Presentation on Waste Management, October 1, 2025

8. Cleanliness and Community service

NSS volunteers of St. Bede's college, emphasized the importance of selfless service and commitment to the community. The volunteers actively participated in a cleanliness drive, contributing by picking up garbage around their surroundings.

Cleanliness and Community service, October 2, 2025

9. Garbage Collection by MC Vehicle

On October 10, 2024, the Municipal Corporation (MC) vehicle arrived at St. Bede's College to collect the waste that had been gathered by the NSS volunteers over the previous days from September 15-October 2, 2024. The collected waste, which included paper waste, plastic waste, plastic bottles etc., was handed over to the MC personnel for appropriate disposal. The event was well coordinated, with the volunteers ensuring smooth operations.

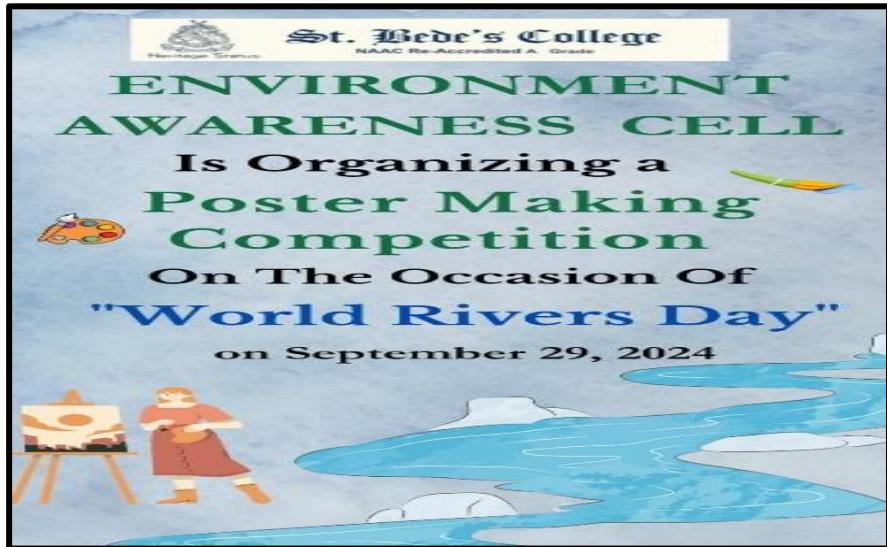

Garbage Collection by MC Vehicle, October 10, 2024

10. Poster Making Competition on Waterways of life

On September 29, 2024, the Environment Awareness Cell organized a Poster Making Competition on 'World Rivers Day' on the theme 'Waterways of Life'. The competition attracted a diverse group of participants from different courses and each brought a unique perspective on how to conserve our waterways.

Brochure

11. Swabhav Swachhata Sanskaar Swachhata

The Swachhata Campaign drive with the Disaster Management unit was successfully carried out outside the college and Navbahar Chok to Forest Road on October 22, 2024, under the auspices of Special Campaign 4.0 for Swachhata and Minimizing Pendency. This collaborative project sought to educate the community about the value of hygiene in addition to promoting cleanliness. The program sought to improve the environment and raise public awareness of the harmful effects of pollution. The targeted road segment was successfully cleaned, and participants received waste segregation education. To maintain the momentum and increase the initiative's impact, it is advised that future campaigns include frequent clean-ups, educational workshops, and improved public participation through special media.

13. Floral Tribute to Bhagwan Birsa Munda and Exhibition of Plants in Tribal Food and Folk Medicine

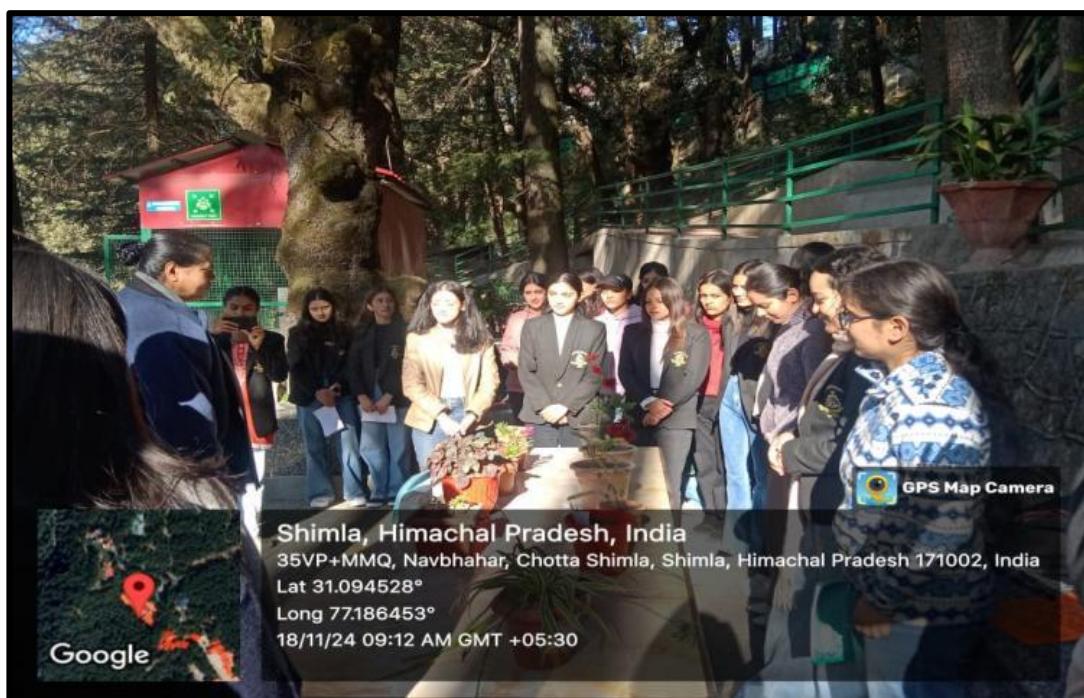

The Ek Bharat Shreshtha Bharat Cell of St. Bede's College, in collaboration with The Department of Botany, celebrated the 4th Janjatiya Gaurav Diwas with great energy and enthusiasm on 15th November, 2024. The college Principal, Prof. Sr. Molly Abraham, paid homage to 'Bhagwan' Birsa Munda by offering a floral tribute. An exhibition was held which was related to ethnomedicinal plants in tribal food and folk medicine. Plants cultivated in pots were displayed with their information such as vernacular name, botanical name and medicinal uses. It showcased the plants used by tribal communities. This exhibition gives information of the medicinal plant used to cure common diseases and in the treatment of diabetics, blood pressure and related disorder. To further commemorate the 4th Janjatiya Gaurav Diwas, the Principal planted a medicinal plant in the college's herbal garden. Dr. Preeti Kaundal, Dr. Sangeeta Sharma from Department of Botany and Mr. Nishant from Department of Chemistry were the organizers of the event.

Brochure

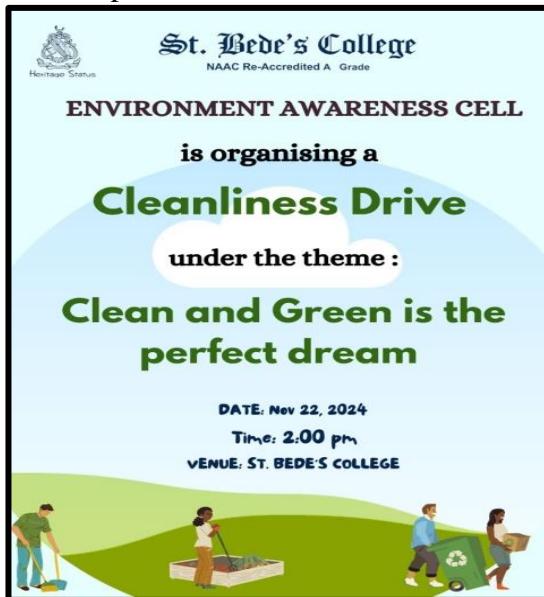

Celebration of 4th Janjatiya Gaurav Diwas, November 15, 2024

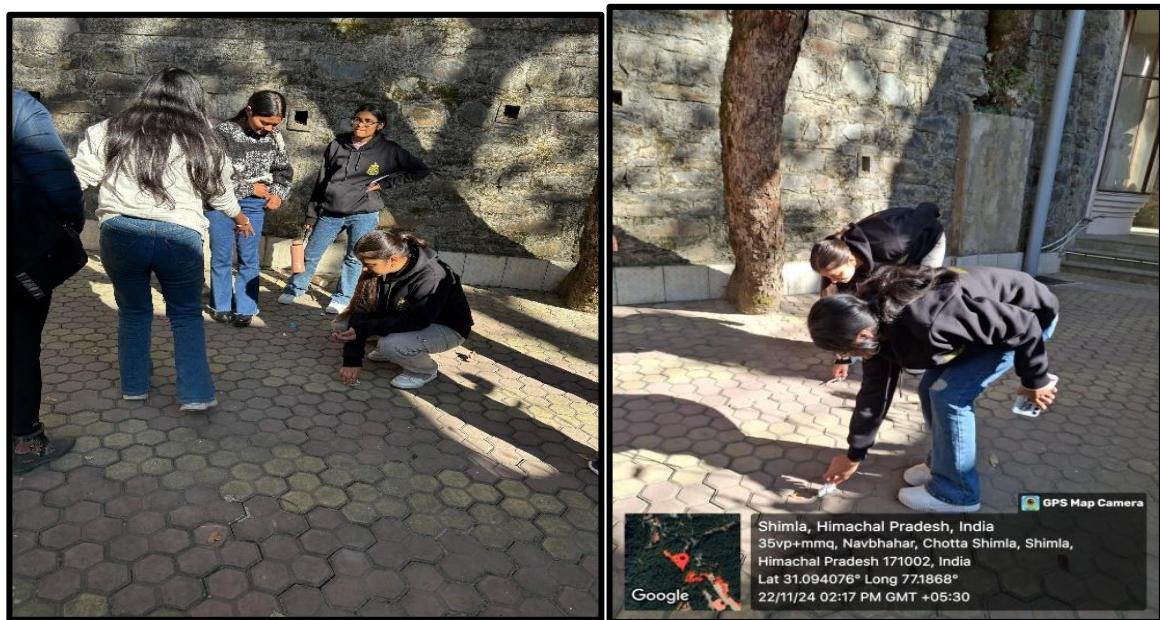

14. Cleanliness Drive

A cleanliness drive was organised on November 22, 2024 by the Environment Awareness Cell on the theme, 'Clean and Green is the perfect dream.' with the aim of promoting hygiene, environmental sustainability and community engagement. The event took place around the library and canteen area of the college, making people aware about their surroundings. The cleanliness drive was a successful step towards a cleaner and healthier environment. It demonstrated the power of collective effort in tackling environment issues.

Brochure

Cleanliness Drive organized, November 22, 2024

15. Compost Sale

A compost sale was organized by Environment Awareness Cell in collaboration with the Department of Biotechnology and Microbiology on December 12, 2024 in the college with the aim of providing affordable, high-quality compost for local farmers and gardeners improving plant growth and productivity in a sustainable manner. This event aimed at waste reduction, to raise awareness about the benefits of composting, waste management and sustainability, educating people on how they can reduce waste and contribute to greener practices.

Brochure

16. Cleanliness awareness

Volunteers travelled to adopted village, Dhanain, where they conducted a Cleanliness Drive, ensuring a cleaner environment on February 12, 2025. A nukkad natak on Nasha Mukt Bharat and Swachh Bharat was performed to educate the community about addiction free living and hygiene.

Cleanliness awareness activity in adopted village, February 12, 2025

17. Save paper, Save trees

On 18th February 2025, the Department of Chemistry, in collaboration with the Paper Recycling Unit of St. Bede's College, organized a paper recycling activity for B.Sc. students. The event aimed to create awareness about sustainability and educate students on the process of making craft paper from waste paper. The activity commenced at 11:00 AM with a brief introduction to the environmental impact of paper waste and the importance of recycling in reducing deforestation and pollution. Students were then guided through a hands-on session, where they actively participated in converting discarded paper into new craft paper. The process involved shredding, soaking, blending, pressing, and drying, demonstrating the practical aspects of recycling.
