## Tree Plantation Drive

The NSS unit of St. Bede's college organized a tree plantation drive under the 'Ek Ped, Maa Ke Naam' on August 3, 2024. The NSS volunteers participated enthusiastically in this drive. Around 100 saplings were planted in the Bhattakufer area. The event was inaugurated by the chief guest, Prof. (Sr.) Molly Abraham, the principal of the college. Along with the principal, the teachers in charge of NSS unit and some officers of forest department also participated in this event by planting the saplings. Refreshments were given to the volunteers.

## Visit to Himalayan Forest Research Institute

On September 3, 2024 the students of B.Sc. - III, Department of Zoology, St. Bede's College visited Himalayan Forest Research Institute, Panthaghati Shimla. The day began with a detailed presentation delivered by Dr. Akhil, a research associate at the institute. He started by introducing the students to the history and development of the Himalayan Forest Research Institute. He explained the institute's role in contributing to forestry research, its inception, and its mission to conserve and manage forest resources, especially in the ecologically sensitive Himalayan region. He provided a comprehensive overview of the various research initiatives undertaken by the institute. These included studies related to forest biodiversity, ecosystem conservation, climate change impacts, and sustainable forest management and forest protection. Dr. Sandeep Sharma, Director of HFRI, provided students with guidance on available internships and project opportunities at the institute, including summer and winter projects. These opportunities aim to help students gain practical experience and enhance their skills in forest research and related fields.

## Swabhav Swachhata Sanskaar swachhata

The Swachhata Campaign drive with the Disaster Management unit was successfully carried out outside the college and Navbahar Chowk to Forest Road on October 22, 2024, under the auspices of Special Campaign 4.0 for Swachhata and Minimizing Pendency. This collaborative project sought to educate the community about the value of hygiene in addition to promoting cleanliness. The program sought to improve the environment and raise public awareness of the harmful effects of pollution. The targeted road segment was successfully cleaned, and participants received waste segregation education. To maintain the momentum and increase the initiative's impact, it is advised that future campaigns include frequent clean-ups, educational workshops, and improved public participation through special media.

### **Raising awareness on Biodiversity Conservation**

On October 23, 2024, students from the Zoology Department conducted an awareness activity through PowerPoint presentation on biodiversity conservation at Frontline Public School in Thanedhar, Shimla. This initiative was aimed at raising awareness among school students about the critical importance of preserving our planet's biodiversity. The event was organized to engage young minds in discussions about environmental issues and to inspire them to act in their communities.
