

Activities for the session 2019-20

SEMINARS BY EMINENT FACULTY

Seminar on the topic “Project Development” was organized for BCA students on November 30, 2019. The resource person for the day was Dr. Pratiyush Guleria, Deputy Director (Technical), NIELIT Shimla, Govt of India.

Dr. Guleria discussed about project development, requirements for developing project, Softwares and Database required for project and advantages and disadvantages of developing software by yourself and by downloading/purchasing. He gave a presentation and explained the concept of project development which was based on his perspective and real-life experiences. He also shared his personal experience with the students, how he worked on project and what difficulties he faced while making the projects. Dr. Guleria suggested the students to explore more languages students should not only stick to their academic part, they should also acknowledge the practical knowledge which is required for the placements in future.

At last he showed few Demo Project on which he was currently working. He encouraged the students for making their projects by themselves rather than downloading from the internet. The feedback taken for the session was motivating and students found it very interesting.
