

DISASTER MANAGEMENT CELL REPORT 2017-18

- 1) A seminar was conducted on “Biodiversity and Conservation and Patent” by Dr. Vandana Shiva on 27th September 2017. She presented the facts and figures of biodiversity and its management and also shared her experiences with the students.
- 2) **A FIRE AND EARTHQUAKE MOCKDRILL** was conducted about safety and evacuation measures in the event of disasters by Shri D.C. Sharma, Station Fire Officer and his team, the Mall, Shimla in March 2018. It was a very interactive and valuable seminar cum activity based session mainly on the usage of fire extinguishers and rescue methods like ‘Human clutch’ ‘Four handed sheet’ ‘Pick a back’, ‘S-Method’ etc. Then the team from the fire station conducted a fire drill and taught students about the operation of different types of Fire Extinguishers.

He also made the students aware about LPG emergencies, fire and explosion hazards. First aid bandages for skull, jaw, chest, knee, elbow, wrist injuries and various emergency methods of rescue were demonstrated. A module was formulated for the college in case of any disaster by Sh. D.C Sharma and his team.
