THEME - OUR VISIONARY CONSTITUTION
By Shruti

The Value, the respect our Constitution deserves is what I aspire and desire to see in my visionary lens.

"Our Constitution is above all other authorities in India." The Indian Constitution is the compilation of Number of articles, which talks about "The Human Rights".

Making the Constitution for our nation was never an easy task. It was the hardships and the country's most importantly ^{Constitution} their determination to achieve the goals which they aspire to.

"Challenges of the Nation building" was the main problem which they had to face and the result. Our Constitution was ^{enacted} ^{keeping} in mind the large number of diversities that were existing in India & are still existing.

Our Constitutional makers, were not less than legends. They have left their legacy behind. Thus it becomes our duty to cherish their ideals and respect their "present" behind with us now.

So being the vigilant citizen of the country it should be our vision to protect & preserve our living document, with respect likewise we respect our Parents, Teachers - Mentors, we are living freely, ^{enjoying} ourselves because our "Constitution" is a gift because of our Constitution we have freedom to do everything unless it (our activities) harms someone.
