

## **Community Outreach Activities 2018-19**

### **Interaction with Students at Theog School**

**December 18, 2018**

The students of the college and a few staff members went to Government Senior Secondary school, Theog, to conduct activities under Community outreach. The staff and the students of the school warmly welcomed the students and teachers of the college. For the ice breaking session a game of 'Dog and the Bone' was played, where both students and teachers participated. Soon the school children were divided into groups and the races planned for them by the college students were conducted. The Musical Chairs was a keenly contested game between the students and teachers, a student from Theog school won the game.

The generosity and hospitality of the village school is worth appreciating. The day ended well with a lot of learning and gainful experience.
