HIV/AIDS AWARENESS

DID YOU KNOW?

1 in 4 women postpone medical care for HIV/AIDS for reasons like family, depression & even the threat of partner violence.

prevention is better than cure.
Especially when something has no cure !!

STOP AIDS

About 217,000 women --80% of whom are of childbearing age (15 to 44)-- are HIV-positive.

HIV IS A VIRUS IT HAS NO RACE, GENDER OR Sexuality !!

STAY SAFE AND HEALTHY !!

1. Get tested ! (Go together)
2. Use a condom everytime !!
3. Ask your partner about their past!!

Behind every chronic illness is just a person trying to find their way in the world. They're just dealing with unwanted limitations in their hero's journey...

WE MUST ACCEPT FINITE DISAPPOINTMENT BUT MUST NEVER LOOSE INFINITE HOPE. **Fight AIDS save lives.**

Be careful to open your eyes before AIDS closes it...
