

MINUTES OF MEETING

(2018-19)

A meeting of the Academic Coordinator (Science) and faculty of science was held on July 14, 2018, at 10:40 A.M. in the physics department to discuss the forthcoming activities scheduled for the academic session of 2018-19.

During this meeting, it was decided to organize a national workshop/seminar in either August or September. Additionally, it was unanimously agreed upon to integrate an educational excursion for our students into the plans for the upcoming 2018-19 academic session, enhancing their learning experience.

The Academic Coordinator urged all the departments to engage in discussions and collaborate to formulate perspective plans for the 2018-19 session, in compliance with the requirements set forth by the NAAC.

The following members attended the meeting.
