CELEBRATING INDIAN SCIENCE: FROM PAST TO FUTURE

On 13th September 2018, the Physics department collaborated with the Indian Science Congress Association (ISCA) Shimla Chapter to host a one-day National Seminar titled 'Celebrating Indian Science: From Past to Future'. The Seminar was aimed at providing an opportunity for students to enjoy the wonderful world of science, satisfy their curiosity, and understand how and why certain things happen around us.

Objectives: Objectives of this event were to:

- Celebrate the block building fundamental contribution of the Indian scientists in the field of science and technology bringing to fore advancements and credible achievements since times immemorial to recorded present.
- Bring together scientists, researchers, academicians and other stakeholders to foster an immersive understanding of the diverse and enigmatic heritage of India in the field of science.
- Explore the potential of the knowledge, insights and perspectives of the contribution of the scientists in India in the past and present and tap the potential of nurturing Indian scientific temperament and the possibilities it offers to address the current world challenges.

The Seminar was attended by hundred students from various schools and colleges of Shimla along with 350 Bedean science students who were unison in expression of their appreciation of this opportunity to exchange ideas in scientific applications.

Eminent speakers led the student diaspora by evoking keen interest and insights into the evolution of scientific temperament in India and its impact through their immersive lectures.

The students availed this rare sent opportunity to interact with the amazing experts from the science fraternity and gain a detailed perspective about different areas of science and their correlation.

The Seminar also included an exhibition featuring the departments of physics, microbiology, biotechnology, botany, and zoology. The departments showcased various experiments and medicinal plants, which helped students to learn more about the practical applications of science and its impact on society.

Outcomes: The highlights were that the participants were introduced to the historic Indian traditions, knowledge systems and innovations which were hitherto unheard of and were brought to fore for the benefit of the students through this seminar

WORKSHOP ON "SCIENCE FOR THE PEOPLE AND PEOPLE FOR SCIENCE"

To mark the discovery of Raman Effect for which Sir C.V. Raman was awarded the Nobel Prize in physics in 1930 and to celebrate Science Day, physics department, in collaboration with Jaypee University Wanknaghat organized a one-day workshop on the theme 'Science for the people and people for science on 28th February 2019.

Objectives: The objectives of the program were to:

- Foster scientific literacy among participants by providing them with an understanding of scientific principles and concepts.
- Encourage participants to develop a curiosity-driven mindset and an eagerness to explore and investigate scientific phenomena. foster critical thinking.
- Emphasize the importance of effective science communication skills.
- Cultivate critical thinking skills among participants, enabling them to evaluate scientific information and evidence critically.
- Encourage lifelong learning and foster an appreciation for the value of science in society.
- Emphasize the importance of diversity and inclusivity in science and to create an inclusive learning environment that respects and values diverse perspectives.
- Highlight the importance of ethical and responsible scientific practices, including the responsible use of scientific knowledge, ethical considerations in research, and the responsible communication of scientific information.
- Encourage interdisciplinary thinking by highlighting the interconnectedness of different scientific disciplines and promoting an integrated approach to problem-solving.

The first technical session of the workshop started with a talk delivered by Prof Teerath Raj on Bioinformatics: Applications in Medical Science like Alzheimer disease and cancer. In the second technical session Dr. Ragini Raj Singh deliberated on 'Recent Trends in Nanotechnology'. She explained how nanotechnology is applied in all aspects of life and how the properties of a material change on changing its size to nanometer. An informative video on properties of Nanotechnology was also shown to the audience. Dr. Sanjeev Kumar Tiwari highlighted the importance of science in our daily life. In the third technical session medical, nonmedical, biotechnology and microbiology students were divided into small groups and practical demonstrations were given to them.

The topics covered were:

- i. Working of Biogas reactor its fabrication, working and utility, KOH string test
- ii. Molecular Biology: Demonstration on PCR, Restriction Enzymes, Gel electrophoresis
- iii. Plant Tissue Culture: Demonstration of techniques for carrying out micro propagation of ornamental and medicinal plants.
- iv. Antigen and antibody based diagnostic techniques.

v. Working of optical fibre, polarization phenomenon, the Michelson Morley experiment.

On this occasion essay writing, poster making, slogan writing and video making competitions on the theme were also held.

Outcomes:

The students were led into rethinking critical scientific methods in evidence-based decision making. They explored the importance of inclusivity and diversity in science and the role of science in real world issues thereby improving the lives of people.

Ethical practices in scientific research, interdisciplinary and collaborative approach in solving complex problems which require diverse expertise were also discussed.

WORKSHOP ON "CAREER AND GUIDANCE COUNSELLING"

The Department of Zoology organized a career and guidance counseling workshop on December 18, 2018, in collaboration with Biotech Sapiens, Chandigarh.

Objective- Discussion of strategic planning for life sciences for graduate and post-graduate students in competitive examinations related to their field.

Mr. Vimal Bhutani, Director, Biotech Sapiens, Chandigarh discussed with the students of B.Sc. And M.Sc., the career options available to them through competitive examinations such as CSIR-UGC NET, DBT, ARS, ICMR, ICAR, IIT-JAM in covetable careers in the field of life sciences and biotechnology.

The Q&A session and the follow up discussion gave the students an overview of the methodologies to tackle the competitive examinations in view of the latest changes and trends.

Outcome- The students came away with insights into strategies required for competitive examinations and the Department of Zoology has decided to organize more workshops at regular intervals to help students shape their careers.

WORKSHOP ON "NATIONAL SECURITIES DEPOSITORY LIMITED"

The Departments of Economics and Commerce, in collaboration with the Securities and Exchange Board of India (SEBI), organized a workshop on 'National Securities Depository Limited' on 29th November 2018.

Objective-

Mr. Arun Sharma, the Deputy Company Secretary of SJVN, Shimla, Mr. Ankur Mittal, the Assistant Vice-President of NSDL, the resource persons, addressed the overwhelming congregation of enthusiastic students to give them valuable insights into various investment options available at the bourses and the effective regulation of the trade and market practices to ensure investor protection.

The congregation was introduced to a plethora of NSDL services such as dematerialization of shares, account maintenance and settlement of trades which all reduced the risk of theft, loss, or forgery of valuable investment instruments.

It was followed by a Q&A session which was suitably addressed by the distinguished guests of this session.

Outcome- SEBI in collaboration with the Departments of Economics and Commerce led the students to enhance their insight in financial literacy and to explore career option in the fields of Finance and Investment

TWO-DAYS INTERNATIONAL SEMINAR ON "PARTITION REVISITED"

The ICSSR sponsored International Seminar 'Partition Revisited' took place at St. Bede's College in Shimla on September 19-20, 2018. The event was organized by the Departments of Political Science and History under the able guidance of the Principal, Dr. (Sr.) Beena John. The conference brought together eminent scholars, including Sucheta Mahajan, Ritu Menon, Dilip Simeon, Meghna Guha Thakurta, and Debajani Sengupta, from different parts of India, Bangladesh, and Tanzania, who served as keynote speakers. More than 200 delegates attended the conference, presenting papers on various aspects of the Divide of 1947, including historical, political, social, and literary topics.

Objective: The seminar aimed to delve into the historical, political, and socio-economic impacts of the Partition of 1947. The papers presented at the event explored diverse subjects, such as the role of prominent leaders, including Jinnah, Nehru, and Gandhi, in the Partition drama; the colonial hand in partitioning the subcontinent and the resulting culpability and betrayal; the roots of communalism in undivided India and the associated alienation and conflict; the experience of women during the Partition; the burden of displacement, relocation, and rehabilitation for migrants; and the impact of Partition on the economies of India and Pakistan. Through these discussions, the seminar sought to revisit the tragic landscape of Partition and understand its consequences.

In addition to the presentations, students from various schools, including Loreto Convent Tara Hall, Sacred Heart, D.A.V. School, New Shimla, and students from different colleges and Himachal Pradesh University, presented their research papers. Furthermore, the seminar featured a film, 'The House on Gulmohar Avenue,' presented by Samina Mishra, a documentary filmmaker from New Delhi.

Outcome of the Seminar-

The seminar gave a platform to the students to revisit the historical, political, social and literary aspects of the partition of 1947 in the proper perspective. The root cause of communalism in undivided India and the role of the then leaders and colonial powers was also explored along with the consequential effect of the fractured economy, effect on migrants of India and Pakistan. The students learnt from the past how not to repeat the mistakes committed then.

Partition Revisited

The Partition of India was one of the most cataclysmic events of the 20th century, engendering a veritable civil war in a country that was itself on the verge of claiming its hard fought independence. It involved a series of catastrophic circumstances that split the subcontinent along the lines of community and culture, tearing apart centuries' old shared social fabric and land, splitting families and dispossessing millions of ordinary people, with a stroke of a pen on the map of undivided India.

The upheaval caused by the Partition of the subcontinent impacted every aspect of the life of entire populations that had to cross the newly drawn border overnight, not knowing if they would even make it to the other side alive. It was a bloodsoaked freedom that dawned upon the new nations of India and Pakistan, with massacres, rapes, abductions, riots and the agony of exile clouding the joy of independence from colonial rule.

Seventy-one years have gone by since the Partition, yet its tremors and aftershocks continue to be felt by all South Asians even today. The circumstances of the Partition have served to define and shape an innately troubled and hostile Indo-Pakistan relationship, and hold little promise for trust and peace between the two nations and thus in South Asia. Its legacy lives on in deeply embedded attitudes, political ideologies and cultural orientations within the sub-continent. There are some who argue that the birth of Pakistan via a division of India was a historical inevitability; yet others strongly believe that social and political conditions of 20th century colonial India precipitated an uncontrollable roller-coaster journey in the direction of this great divide. Still others are of the view that the Partition was the outcome of clashing political ambitions and vested interests at the cost of the common people, in the bargain unleashing a tragedy of immeasurable proportions.

The purpose of this seminar is to revisit to this fatal landscape, re-exploring through history and politics, sociology and economics, memory and literature, the Great Partition of 1947. It is only by revisiting our past that we will be able to come to terms with, and confront, our present.

ONE DAY NATIONAL SEMINAR ON “LET’S FROLIC WITH THE TECHNOPLENUM”

On September 17, 2018, the Department of Computer Science at St. Bede's College Shimla organized a one-day national seminar titled "Let's Frolic with the Technoplenum." The event was well-attended by students from various schools in Shimla, along with distinguished guests and experts in the field of computer science.

Objectives: the seminar set the event with the agenda to create educational environment in latest trends in computing and resultant career options in computer science with immersive interaction of the students

Session one had the honorable chief guest, Dr. Arvind Kalia addressing the congregation, highlighting insights into the cutting edge advancement in innovations in the field of evolving computing,

Second session was led by Dr. Akashdeep from University Institute of Information Technology, Punjab University, Chandigarh under the title “Computer Science: Learning to Program” with the primary aim to evince interest of the students with the fundamentals of programming to make them successful in this field.

Session three had the theme “Career Lanes Post 12th Standard” being addressed to by Dr. Vikram Singh, Professor, Department of Computer Science and Applications, Chaudhary Devi Lal University, Sirsa, Haryana where he introduced the children into myriad opportunities in the field of computer science as an exciting career option.

Outcomes: The seminar had several positive outcomes for the participants. Some of the key outcomes include: Students participated with keen interest and excitement and were better informed about the latest trends in the field of computer science, fundamentals of programming skills, coding and software development and the various career associated with it after their 12th standard which all gave them a rare opportunity to interact with experts and professionals in this field which fostered networking and collaboration opportunities.

WORKSHOP ON ADULTERATION IN FOOD ITEMS

The Department of Microbiology conducted a workshop on "Adulteration in Food Items" on September 10, 2019, to educate the students on common food adulterants.

Objectives: The primary objective of the workshop was to make students aware of common food adulterants and various techniques to detect them.

The resource person started the session by discussing the various types of adulterants that can be found in food items, such as paraffin wax, castor oil, and hydrocarbons in fats, oils, and butter, and the mixing of brick powder in red chilli powder and pepper with dried papaya seeds.

Various techniques to detect the presence of water in milk, detergent in milk, and starch in milk were demonstrated to the students. Students were also shown how to detect potatoes in ghee and sugar in honey. The speaker encouraged students to be more vigilant when buying food items.

Outcome: Students were able to learn about various techniques to detect common food adulterants and were encouraged to be more cautious when buying food items.

WORKSHOP ON "START-UP PROGRAMMES AND ENTREPRENEUR DEVELOPMENT"

The Placement Cell and Department of Industries H.P. organized a workshop on "Start-up Programmes and Entrepreneur Development" on September 3, 2019, at St. Bede's College Shimla.

Objective- In the spirit of the workshop on start-up programs and entrepreneur development the students were encouraged by providing them with information and tips on start-up structures and available resources.

The Chief Guest of the event was Mr. Hans Raj Sharma (IAS), Director of Industries. He shared his insights and experiences on the importance of entrepreneurship and how start-ups can contribute to the economy. He emphasized the need for innovation and creativity in entrepreneurship and encouraged students to explore their ideas and turn them into successful businesses.

Ms Smriti Sood, a student of B.Sc. III year, presented her innovative idea for a start-up grant. Her idea was well-received by the audience and the panelists. The workshop provided an excellent platform for students to showcase their ideas and receive feedback from experienced entrepreneurs and industry experts.

Guidance to avoid pitfalls and information made available in valuable tips where to garner resources and guidance for start-up programs were interest invoking by the successful entrepreneurs who related the issues through their stories of their own journey as successful startup businessmen.

The Q&A session had an enthusiastic student body with intrusive questions and doubt clarification.

Outcome- The workshop gave pointers to the participant attendees regarding the current scenario of the start-up ecosystem and valuable information on government initiatives and schemes to aid budding entrepreneurs. From amongst the students Ms. Smriti Sood's start-up idea was appreciated by the experts who gave her valuable tips and at the same time the other students also gave presentations about their entrepreneurial skills and innovative ideas. Students came away with valuable knowledge of procedures and business tips and information on government initiatives for setting up their own entrepreneurial start-ups.

INTELLECTUAL PROPERTY RIGHTS AWARENESS PROGRAMME

On August 31, 2019, the Department of Microbiology and Biotechnology organized an Intellectual Property Rights (IPR) Awareness Programme.

Objective- To raise awareness about IPRs, their protection, patenting procedures, trademark and copyright protection, ^{and to discuss} the role of novelty and invention in academia-industry collaboration. The event was attended by students, faculty, and researchers from various departments.

Resource Person: The Head of the Department of Microbiology and Biotechnology, introduced the session with a brief overview of IPRs and their protection. The congregation was thereafter addressed by Dr. Shweta Sen Thalwal, Founder and Head of Integrum IP, Mohali, Panjab, the resource person, an expert in the field of IPR with vast experience in providing legal advice to clients on issues related to patents, trademarks, and copyrights.

She gave a graphic presentation through which she led the attendees with her overview of various aspects of IPRs, patenting procedures, patent searches, trademark and copyright protection, academia-industry collaboration, and its importance in novel inventions and most importantly ways to protect an identification of intellectual property along with the role of legal frameworks and IPR governing regulatory body.

Outcome- The target attendees under the guidance of Dr. Shweta Sen Thalwal gained insights in the knowledge of IPRs, the legal aspects of IPR and the role of the governing IPR regulatory bodies as a guiding framework of research in innovations. The emphasis of academia-industry collaboration to protect commercialization of Intellectual Property were informative and laid down the guidelines in the process of development of innovative product and technologies.

The attendees became aware of how to protect their intellectual property through a guideline on patenting procedures, patent search and trademark and copyright protection.

SEMINAR ON "PROJECT DEVELOPMENT"

The Department of Computer Applications organized a seminar on "Project Development" for the BCA students on November 30, 2019. The seminar was conducted by Dr. Pratiyush Guleria, Deputy Director (Technical), NIELIT Shimla, Govt of India.

Objective- Overview of tools and techniques in the development process of software development.

Dr. Guleria started the seminar by introducing the concept of project development and explained the various stages involved in it. He discussed the requirements for developing a project, including the software and database required for it. He also emphasized the importance of project planning, which involves identifying the objectives, defining the scope, and allocating resources for the project.

The students were given practical knowledge of the process of development of software and explained its advantages and disadvantages. The importance of testing, quality assurance and methodologies of downloading and purchasing software were also highlighted by Dr. Guleria in his discourse to the students which included an intrusive Q&A session.

Outcome- The seminar concluded with the students having acquired broader perspectives and valuable insights in the process of project development under the aegis of Dr. Pratiyush Guleria. The Q&A session helped clear their doubts and queries in their academic projects and instilled ways to enhance their skills in project development and the use of software and databases as building blocks in the process of execution of a project.

SEMINAR ON "TALLY ERP"

The Department of Computer Science organized a seminar on "TALLY ERP" for PG and UG students of the department of Commerce and Management on September 24, 2019. The resource person for the seminar was Ms. Poonam Thakur from Sai Digitech Institute, Lakkar Bazaar, Shimla.

Objective- The objective of the seminar on Tally ERP was to provide them with an understanding of the features and functionalities of the Tally ERP software, which is widely used for accounting and financial management. The seminar aimed to familiarize the students with the working of Tally ERP, its applications in various business scenarios, and how it can be used to simplify accounting and financial management tasks. The objective was to equip the students with practical knowledge that they can apply in their future professional endeavours.

The seminar started with an introduction to Tally ERP and its importance in the field of accounting. Ms. Thakur then explained the various features of Tally ERP such as creating company, ledger creation, voucher entry, bill-wise entry, inventory management, financial statements, banking transactions, and payroll accounting. She also demonstrated the software to the students to help them understand the functioning of Tally ERP.

The students were given practical knowledge about how to use Tally ERP and its various features. Ms. Thakur also shared tips and tricks to effectively use Tally ERP for accounting purposes. The students were encouraged to ask questions and clear their doubts during the seminar.

Outcome- The seminar was a great learning experience for the students as it provided them with an understanding of the Tally ERP software and its use in accounting. The students appreciated the efforts of the department and the resource person in organizing such an informative seminar. They expressed their gratitude to the department for providing them with the opportunity to learn about Tally ERP. The seminar was successful in achieving its objective of familiarizing the students with the Tally ERP software.

WORKSHOP ON POLYBRICK INITIATIVE

On September 11th, 2019, NCC cadets of 1 HP Naval Unit Bilaspur organized a workshop to promote awareness about the harmful effects of plastic disposal in the city.

Objective: The objective of the workshop conducted by NCC cadets of 1 HP Naval Unit Bilaspur was to promote awareness about the harmful effects of plastic disposal in the city and to motivate college students to collect plastic wrappers inside plastic bottles for making retaining walls. The goal was to make Shimla plastic-free, and the efforts of the cadets were acknowledged and appreciated by the Health Department and MC Shimla. The workshop also aimed to provide the cadets with new perspectives on the world of entrepreneurship and encourage them to actively take part in government initiatives.

The Health Department and MC Shimla acknowledged the efforts of the cadets and entitled them as "PIONEERS OF THIS GOVERNMENT INITIATIVE." The Chief Health Officer and the Commissioner (MC) highly appreciated the cadets and invited them on 2nd October 2019 to Ridge for felicitations. The cadets' efforts were much appreciated by the Health Department and MC Shimla, who urged them to continue for as long as possible and even published it in the press to inform students at other high schools and institutions.

The meeting's goal was to make Shimla plastic-free, and Mr. Pankaj Rai, the Shimla Commissioner, and the Chief Health Officer were both present for the workshop. The cadets were able to provide new perspectives on the world of entrepreneurship, which was an added benefit to their efforts.

The cadets received compliments from the Honourable Chief Minister of HP, Shri Jairam Thakur, for actively taking part in and volunteering for the Poly Brick Initiative of MC Shimla. Under this initiative, the public was asked to collect used plastic in plastic bottles in exchange for receiving Rs. 75 for every 1 kg.

Outcome: The cadets gained new perspectives on entrepreneurship to take action about the harmful effects of plastic and ensure its positive impact namely plastic free city

शहर को प्लास्टिक फ्री बनाने के लिए एमसी की मुहिम में छात्राएं बनी हिस्सा

सेंट बीड्स की छात्राओं ने इकट्ठा किया प्लास्टिक वेस्ट, रिटेनिंग वॉल बनाने में कर सकते हैं इस्तेमाल

सिटी रिपोर्टर | शिमला

शहर को प्लास्टिक फ्री सिटी बनाने के लिए नगर निगम शिमला ने कुछ दिनों पहले ही अनोखी पहल शुरू की थी। इसमें संदेश दिया गया था कि शहर में टॉफी, चॉकलेट और अन्य तरह की खाने-पीने के प्लास्टिक के पैकेट और रैपर को बोतल में भरकर इकट्ठा किया जा सकता है। एमसी शिमला को कूड़े के साथ ही ये प्लास्टिक बॉटल दी जा सकती है।

इसी मुहिम को आगे बढ़ाते हुए सेंट बीड्स कॉलेज की छात्राओं ने प्लास्टिक वेस्ट इकट्ठा कर एमसी को दिया है। एनसीसी कैडेट्स ने प्लास्टिक वेस्ट को खत्म करने के लिए एमसी की इस मुहिम में एमसी का साथ दिया है।

नगर निगम आयुक्त पंकज राय का कहना है कि एमसी की इस मुहिम को शहर के सभी संस्थानों में शुरू किया जाना चाहिए। नगर निगम ने ऐसा 15 किलो प्लास्टिक वेस्ट को इकट्ठा किया है जिसका इस्तेमाल रिटेनिंग वॉल के लिए किया जा सकता है।

सेंट बीड्स की छात्राओं ने प्लास्टिक बॉटल्स के अंदर वेस्ट को इकट्ठा कर निगम को दिया।

इन छात्राओं ने शुरू की मुहिम इसमें सेंट बीड्स कॉलेज की गरिमा, अरुंधती, ईशा, संचिता, दृष्टि, ने इस मुहिम में साथ दिया है। एमसी शिमला छात्राओं की इस पहल के लिए उन्हें इस माह के अंत तक सम्मानित भी करेगा। एमसी शिमला ने शहर के अन्य संस्थानों से भी अपील की है कि इस तरह की मुहिम में बढ़-चढ़ कर भाग ले और स्कूली बच्चे भी शहर को प्लास्टिक फ्री बनाने के लिए आगे आए। बच्चों के माध्यम से यह मुहिम घरों तक भी आसानी तक पहुंच सकती है जिससे शहर भी एकदम साफ-सुथरा हो जाएगा।

पहाड़ों में बिखरा होता है सबसे ज्यादा

प्लास्टिक शिमला शहर में सबसे ज्यादा प्लास्टिक वेस्ट रोड साइड पहाड़ी एरिया में होता है। इसका कारण यह है कि बाहर से आने वाले टूरिस्ट शहर के जंगलों में घूमने का मजा तो उठाते हैं लेकिन खाने-पीने के लिए इस्तेमाल की जाने वाली चीजों को वहीं फेंक कर चले जाते हैं। इस कारण पहाड़ी एरिया लगातार गंदे होते जा रहे हैं। दूसरा जो लोग एमसी शिमला को गारबेज योजना के तहत कूड़ा नहीं देते वे भी जंगलों को गंदा कर रहे हैं। शहर को यदि प्लास्टिक फ्री सिटी बनाना है तो शहर की जनता को भी इसमें सहयोग करना होगा। इसके साथ ही नगर निगम लोकल एनजीओ को भी इस मुहिम में जोड़ेगा।

WORKSHOP ON THIRD ALL INDIA TALLY COMMERCE APTITUDE TEST (TCAT)

The third All India Tally Commerce Aptitude Test (TCAT) was organized by the Department of Computer Science in collaboration with Sai Digitech Professional Institute, Shimla on September 27, 2019. The test was conducted online using the Tally application.

Objective- The students' performance in this test helped identify, recognize and acknowledge their talent.

Participants: Students from various streams of the college participated in this test. A total of 296 students from the college participated and qualified for the test.

Test Format: The test was conducted online using the Tally application. The questions in the test were based on various aspects of Tally and covered topics such as accounting, inventory management, payroll management, and taxation. The test comprised of multiple-choice questions and students had to complete the test within a time frame of 1 hour.

Evaluation: The evaluation of the test was done by using the Tally application itself. The application provided an instant result after the completion of the test. The students who scored more than 60% in the test were qualified for the e-certificate from Tally Education Pvt, Limited, Bengaluru.

Recognition and Certification: The e-certificates were given to all participant students by Tally Education Pvt. Ltd. Bengaluru, which helped test and acknowledge their skills and achievements in Tally.

Outcome- E-certificates were provided to students who took the test and it also helped identify and acknowledge talented students based on their performance. Students in turn got an opportunity to showcase their skills and were encouraged to further develop them.

NATIONAL SEMINAR ON "LANGUAGE, CULTURE AND LITERATURE"

St. Bede's College, in collaboration with the English Language Teachers' Association of India (ELTAI) Shimla chapter, organized a National Conference on 'Culture, Language and Literature.' The event was a gathering of eminent personalities from the field of literature, including resource persons from overseas and different states of India.

Objectives: The conference aimed to promote literature, language and culture and a platform for the researchers to showcase their work and to discuss new strategies for enhancement of English language, keeping in view its cultural, political and economic impact in India.

The conference was held on December 4-5, 2019, at St. Bede's College, Shimla. Prof. Khalid Almashikhi from Oman, Prof. ZN Patil, Prof. Paritosh Duggar from Udaipur, Prof. Pankaj K. Singh, Prof. Girija Sharma, Prof. Praveen Kumar, Prof. Meenakshi.F Paul, Dr. Suneela Sharma, and Dr. Anita Sharma were some of the notable personalities who graced the conference. More than 70 research papers were presented by scholars, researchers, and students from different colleges across India. Students from Kotshera College, Government Degree College Kandaghat, RKMV, and St. Bede's College participated in the conference. The research papers presented focused on various themes, including literature, language, culture, and education.

Two books authored by Dr. Anita Sharma and Dr. Shusheela Sharma were also released at the conference.

The participants and the organizers were unison in their gratitude to St. Bede's College, Shimla and ELTAI Shimla chapter for having organized this conference where the researchers and scholars got a single window platform to highlight their work, exchange ideas and collaborate with others in this field. It helped promote the study of literature language and culture and the need for research in this field.

Outcomes: The conference concluded with more than seventy research papers presented in the field of literature and into its various cultural linguistic aspects. The exchange of ideas between resource persons from overseas and other states of India ensured the development of diverse perspectives and insights in the field of literature. The students also got this platform to interact with the resource persons and were exposed to new ideas in their research work and presentation skills with the help of diverse aspects of literature, culture and language.

SEMINAR ON "PATTERNS IN NATURE AND DISCOVERIES IN SCIENCE"

The Physics department hosted a one-day seminar entitled "Patterns in Nature and Discoveries in Science" on September 13, 2019 to mark the 150th Anniversary of the Periodic Table of Chemical Elements and celebrate the International Year of the Periodic Table in 2019. The seminar aimed to promote awareness of the history, development, and significance of the periodic table in the field of science.

Objectives:

To motivate the participants interest to pursue further study and research in the field of chemistry and related sciences and to introduce them to a comprehensive understanding of the history of periodic table, the recent advancements, future potential in the study of the periodic table, the correlation of the periodic table and properties of the natural world resources, use of periodic table in medicine, technology and industry, affecting our daily lives, The basic motive was to inculcate in the students and researchers to further the study in the wide field of period table and related topics

During the seminar, a movie based on the development of the periodic table, "Mystery of Matter: Unruly Elements," was shown to students. This was followed by an open, on-the-spot quiz on the elements of matter, allowing participants to test their knowledge and engage with the content.

Additionally, Professor P.K. Ahluwalia, a retired professor from Himachal Pradesh University, delivered a talk on the topic "From Elements to Materials: An Edifice on the Foundation of Periodic Table." The talk explored the connection between the periodic table and the development of materials, emphasizing the importance of the periodic table in scientific research and development.

The participants were engaged through immersion in the field of discoveries in science through a quiz and also learnt from the insights from Professor Ahluwalia about the impact on scientific research and development by tracing the history and significance of periodic table.

Outcomes:

The seminar highlighted the importance of the periodic table in science education and the possibility of the use of the periodic table in various applications in chemistry, physics and engineering, revelations in the classification of periodicity of atomic radius, electronegativity, ionization energy of different elements and the grouping of their position in the periodic table.

The seminar laid emphasis on the periodic table as a fundamental tool for understanding the behavior of matter, an area which was explored by scientists such as Dmitri Mendeleev and Henry Moseley.

FACULTY DEVELOPMENT PROGRAM ON ONLINE TEACHING TOOLS

The Department of Computer Science at St. Bede's College, Shimla organized a two-day Faculty Development Program on Online Teaching Tools on August 4-5, 2020.

Objective: The webinar aimed to equip faculty with online teaching tools as virtual teaching was the need of the hour due to covid pandemic.

The resource person for the program was Dr. Nikhil Kumar Rajput, Assistant Professor at the Department of Computer Science at Ramanujan College in New Delhi. He began by emphasizing the significance of the virtual world in the current situation and how online teaching has become a necessity. He explained about various online tools such as Google classrooms, G-suite, open broadcast software for creating videos, and uploading videos on YouTube channels. He demonstrated the methods to create and manage Google classrooms and G-suite applications like Google docs, sheets, and slides, which can be used for collaborative teaching and learning. He explained the features of MS Teams and demonstrated how it can be used for effective online teaching. The faculty members were given hands-on training on how to create and manage a virtual classroom using MS Teams. He also explained how to schedule and conduct online meetings, share files and documents, and create online assignments and quizzes. The faculty members found the session on MS Teams to be particularly useful, as it provided them with a new tool to engage with their students and conduct online classes effectively.

Outcome: The program helped in building the confidence of the faculty members in using online teaching tools.

WEBINAR ON "CAREER OPPORTUNITIES IN TALLY AND BENEFITS OF TALLY CERTIFICATION"

The Department of Commerce & Management and the Department of Computer Science jointly organized a webinar on September 11, 2020, in collaboration with Tally Education Private Ltd, Bengaluru and Sai Digitech Professional Institute, Shimla.

Objective-The objective of the webinar was to make students of B.Com, BBA, and BCA aware of various career opportunities available after obtaining a certificate in Tally Course.

Mr. Kaushal explained how Tally Software is widely used by businesses across various industries and helps in managing financial data. He explained that there are many career opportunities available for the students who have knowledge about Tally software. He emphasised Tally certification adds value to the student's resume and give them edge in the job market as it is recognized by all leading companies in the economy.

The session also included a Q&A session where students had the opportunity to ask questions related to Tally and available career opportunities after Tally certification. Mr. Kaushal answered all the queries in detail and provided valuable insights into the subject.

Outcome-The webinar provided a comprehensive understanding of the various career opportunities available after learning Tally.

WEBINAR ON “EMOTIONAL INTELLIGENCE AND LEADERSHIP SKILLS”

The Department of Commerce and Management in collaboration with NEST (Nurturing their Skills, Talent and Education), organized a webinar on the topic “Emotional Intelligence and Leadership Skills” for Commerce, Management and Psychology students on 23rd October, 2020.

Objective: The objective of the webinar was to make students understand how leadership skills depend on emotional intelligence and it is important to maintain emotional balance to achieve goals in life.

The resource person for the webinar was Dr. Shama Hussain, Chairman, Muscat Head, National Institute of Skills Training. Dr. Hussain after introducing the concept of emotional intelligence and its importance in leadership, explained how emotional intelligence helps in controlling emotions thereby helping in making better decisions and strong relations in life. Discussing the five components of emotional intelligence, namely self-awareness, self-regulation, motivation, empathy, and social skills, she explained how these are interlinked.

Dr. Hussain highlighted the role of emotional intelligence in effective communication.

Outcome: The resource person provided practical tips and strategies for managing emotions, which the students found to be very useful.

WEBINAR ON "GUESSTIMATION: ART OF PROBLEM-SOLVING IN PHYSICS ON THE FLY"

On October 19, 2020, the department of Physics organized a one-day webinar for the students to facilitate inclusive learning opportunities during the period of Covid-19 pandemic, where the teaching mode had been changed to online.

Objective: The main aims of the program were to:

- Learn the concept of guesstimation.
- Gain an understanding of the principles behind guesstimation and how it can be used as a problem-solving tool in various contexts.
- To provide participants with practical techniques and strategies to develop their guesstimation skills.
- To explore real-world scenarios where guesstimation can be applied effectively.

The speaker for the session was Prof. P.K. Ahluwalia, former Prof. in the department of physics, Himachal Pradesh University. He enlightened the students about Fermi problems and tricks to solve them by taking into consideration the underestimated and overestimated values.

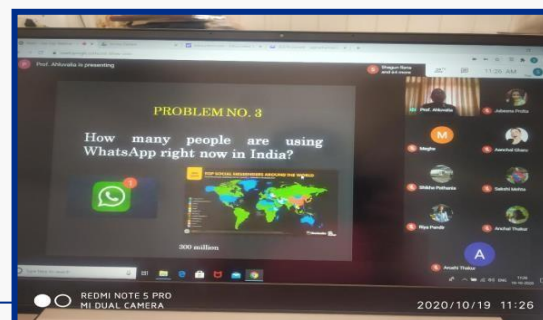

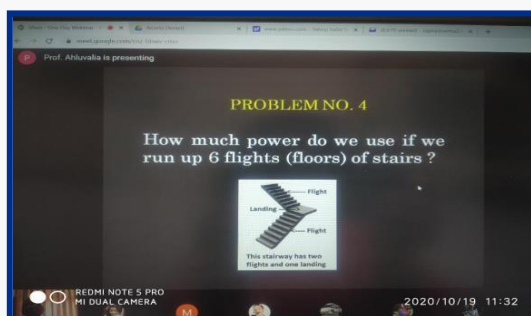

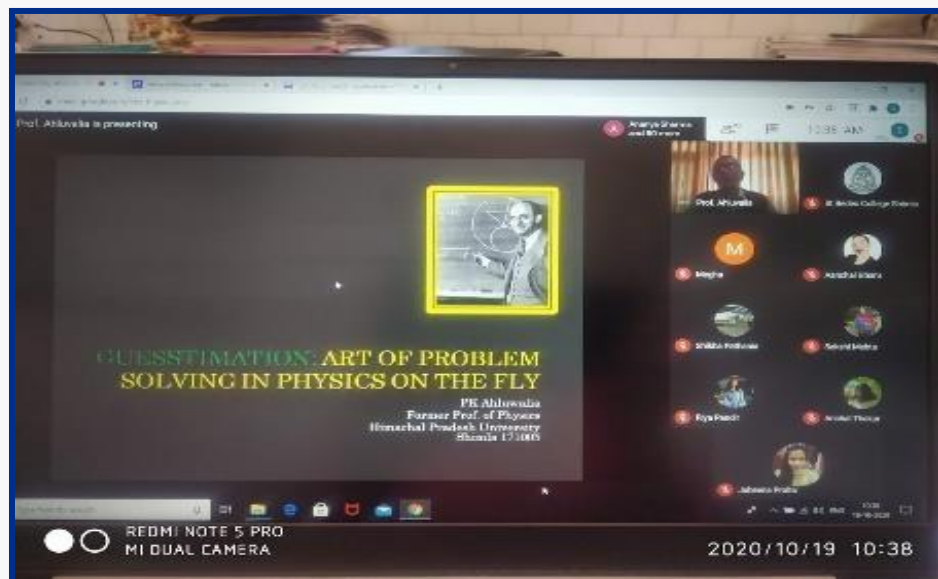

Outcomes: Learners were able to

- Learn what guesstimation is and how it can be used as a problem-solving tool in various contexts, such as estimating quantities, making quick calculations, and making informed decisions.
- Learned techniques for making accurate and reasonable guesses based on limited information, using mental math, visualization.

A WEBINAR ON THE CAREER AWARENESS "CAREER IS BY CHOICE, NOT BY CHANCE"

On October 28th, 2020, the Department of Commerce and Management organized a webinar titled "CAREER IS BY CHOICE, NOT BY CHANCE" for the students of B.Com and BBA.

Objective- The main objective of the webinar was to inform the students about various career prospects after graduation.

The resource person for the day was Mr. Anupam Vohra, founder of NEST (Nurturing their Skills, Talent and Education). Mr. Vohra discussed various career options available in the current market and emphasized that one should consider his/her interests and aptitude before making career choices. Mr. Vohra discussed the eligibility criteria, minimum qualifications and procedures to apply for various jobs. He highlighted that the knowledge about soft skills such as communication, teamwork, and problem-solving abilities, help in improving the job prospects.

The session was interactive, and students were encouraged to ask questions to clarify their doubts.

Outcome- The webinar helped the students to broaden their horizons and explore different career paths.

ONLINE TRAINING PROGRAM ON "FINANCIAL MARKETS OVERVIEW"

Five Day Webinar On "Overview of Stock Markets" Series 1

The Department of Commerce and Management at St. Bede's College, Shimla in association with the Bombay Stock Exchange Broker's Forum conducted a 5-day webinar on the 'Overview of the Stock Market' for the students and teachers from 12th April 2021 to 16th April 2021.

The resource person for the session was Dr. V. Aditya Srinivas, Chief Operating Officer and Chief Economist at the Bombay Stock Exchange Brokers Forum.

Objective- The aim of the webinar was to make participants understand the basic meaning of investment and investment opportunities in the stock market.

On the first day Dr. Srinivas explained the functioning of the stock market and then discussed the importance of market analysis, industry analysis, and company analysis to make informed investment decisions.

On Day 2, Dr. Srinivas elaborated on the Indian economy and its growth prospects.

On the third day of the session Dr. Srinivas explained the procedure of opening a trading account, the different types of trading accounts, and their features.

On Day 4, Dr. Srinivas explained the technical analysis of stocks, using charts and other indicators to study the price movements of stocks.

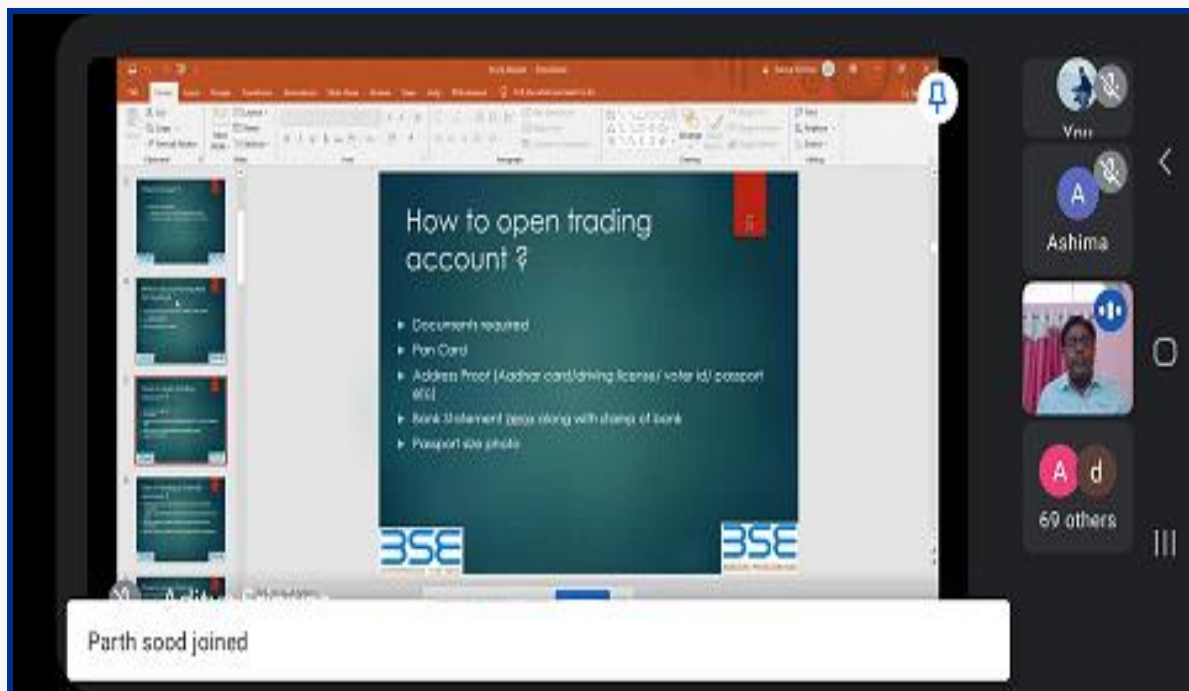

On Day 5 question and answer session was organised to clarify the doubts of the participants.

Outcome- The participants understood the functioning of the stock market.

ONLINE TRAINING PROGRAM ON "STOCK MARKET AND INVESTMENT OPPORTUNITIES DURING COVID-19 OVERVIEW"

Five Day Webinar on "Overview of Stock Market and Investment Opportunities in Challenging Times" Series 2

The Department of Commerce and Management in association with the Bombay Stock Exchange Broker's Forum conducted a five-day online session on "Overview of Stock Market and Investment Opportunities in Challenging Times" Series 2 for the students and faculty from 11th May, 2021 to 15th May 2021.

The resource person was Dr. V. Aditya Srinivas, a Chief Operating Officer and Chief Economist at the Bombay Stock Exchange Brokers Forum.

Objective: To help students and faculty understand the functioning of the stock market.

Day 1: May 11, 2021 - Introduction to the Stock Market and Economic Overview

The first day of the five-day online session on "Overview of Stock Market and Investment Opportunities in Challenging Times" Series 2 commenced with an insightful presentation by Dr. V. Aditya Srinivas, the Chief Operating Officer and Chief Economist at the Bombay Stock Exchange Brokers Forum. He began by introducing the stock market and its significance in the financial world. He highlighted the impact of the Covid-19 pandemic and discussed how the pandemic had severely affected economies worldwide, leading to job losses.

Day 2: May 12, 2021 - Stock Market Fundamentals and Investment Strategies

On the second day of the session, Dr. Srinivas explained the fundamentals of the stock market. He explained concepts such as stocks, bonds, mutual funds, and how these financial instruments function.

Day 3: May 13, 2021 - Market Analysis and Risk Management

Day three focused on market analysis and risk management strategies. The participants gained knowledge on fundamental and technical analysis techniques used in evaluating stocks for making investment decisions.

Day 4: May 14, 2021 - Investment Opportunities and Sector Analysis

In this session Dr. Srinivas discussed how different sectors, such as technology, healthcare, and renewable energy, were affected by the pandemic.

SIX-DAY ONLINE WORKSHOP ENTITLED 'SPREADSHEETS: A TOOL FOR DEVELOPING MATHEMATICAL & COMPUTATIONAL SKILLS IN UG STUDENTS'

A six-day workshop was organised from 15 February to 20 February 2021 as a structured class with exposure to problems drawn from physics, chemistry and mathematics in the form of assignments, quizzes and discussion board. Students were also sensitized towards visualisation of scientific data, computing complex problems by developing a schemata for implementing it on spreadsheets on the fly. The resource persons were Prof. P.K.Ahluwalia. (Retd.) Prof. Physics, Himachal Pradesh University, Dr. Sarmistha Sahu (Retd.) Assoc. Professor, Department of Physics, Maharani Lakshmi Ammanni College for Women, Science Post, Bangalore and Dr. Sapna Sharma, Associate Professor, Department of Physics, St. Bede's College Shimla. The workshop aimed at enabling students to make use of spreadsheets as a means of representing scientific data and computing complex and to plot various types of graphs to display data and visualize the patterns.

Objectives:

- To introduce students to various spreadsheet functions, formulas, and features.
- To familiarize UG students with data analysis techniques, including sorting, filtering, and pivot tables, and demonstrate how spreadsheets can be used to visualize data through charts and graphs.
- To empower students with data-driven decision-making skills and the ability to communicate complex data effectively through visual representations.
- To equip students with essential computational skills that are applicable in a wide range of disciplines and professions.
- To develop practical applications of spreadsheets in real-world scenarios
- To develop problem-solving and critical thinking skills among UG students by engaging them in spreadsheet-based activities that require them to analyze, interpret, and manipulate data to arrive at solutions.
- To build students' confidence in using spreadsheet software as a powerful tool for mathematical and computational tasks.
- To empower students to use spreadsheets independently and confidently, thus enhancing their overall technical skills and preparing them for future academic and professional endeavours.

Day1:

On the first day of the workshop, the keynote speaker, Prof. P.K. Ahluwalia, delivered an enlightening talk entitled "Developing Mathematical and Computational Thinking of Science Students as per the New Education Policy." Prof. Ahluwalia began by discussing the importance of mathematical and computational thinking in the current education landscape. He highlighted how these skills are essential for students pursuing science subjects, as they form the backbone of many scientific disciplines. He also emphasized that with the recent changes in education policy, it is

crucial to re-examine the ways in which we teach these skills to students. Then he shifted his talk on the topic Spreadsheet: Overview of a Killer Application.

He highlighted how spreadsheets is a fundamental tool in today's workplace, with applications ranging from budgeting and financial analysis to project management and data analysis and have evolved into sophisticated software packages that can handle complex calculations, data manipulation, and visualizations such as charts and graphs, which can be used to present data in a meaningful way.

Day 2:

On the second day of the workshop, Prof. P.K. Ahluwalia delivered a talk titled "Beyond a Simple Worksheet: Macros, User-Defined Functions, and Subroutines". He highlighted the various powerful tools available in Microsoft Excel that can help automate and streamline workflows beyond the basic functions of a worksheet. By using these tools, productivity can be increased, and time can be saved. During the talk, Prof. Ahluwalia demonstrated how to create a macro using the Macro Recorder tool in Excel. This tool records the actions performed and generates a Visual Basic for Applications (VBA) code that can be replayed later. The code can also be edited to customize the macro to suit specific needs. Additionally, he explained the process of creating a Subroutine by writing VBA code. This enables users to create more complex and customized functions to perform specific tasks.

"An Undergraduate Computational Physics Course: Implementation Using Spreadsheets."

Day3:

Dr. Sapna Sharma discussed the implementation of an undergraduate computational physics course using spreadsheets. She emphasized the advantages of using spreadsheets in teaching fundamental concepts of computational physics, such as ease of use, versatility, and a familiar interface. By taking a hands-on approach to learning, students can gain a better understanding of the underlying physics and the practical application of numerical methods and data analysis. The topics discussed were:

- Spreadsheet & its Features
- Data entry into a spreadsheet.
- Performing basic mathematical tasks in a spreadsheet.
- Insert charts/graphs in a spreadsheet.
- Exercises in spreadsheet.

Day 4:

On Day 4, Dr. Sapna Sharma gave a presentation on the importance of error analysis in laboratory work and how spreadsheets can facilitate this task. The topic was "Spreadsheet as a tool Kit for Science Laboratories: Data Handling and Error Analysis". During her talk, Dr. Sharma covered a range of topics related to error analysis, including types of errors, ways of expressing errors, propagation of errors, absolute and fractional uncertainties, and combining errors in formulas. She also provided practical examples of how spreadsheets can be used to perform error analysis, such as assigning values to variables and evaluating the uncertainty of results.

Day 5

On the fifth day of the event, Dr. Sarmishtha Sahu gave a presentation on the topic "Trouble Shooter of Physics: Classical and Quantum Oscillator". During her talk, she emphasized the versatility of spreadsheets as a tool for modeling, analyzing, and visualizing Classical and Quantum Oscillator systems. By utilizing spreadsheets, researchers and professionals in the field can enhance their understanding of these systems and make more precise predictions regarding their behavior. Dr. Sahu's talk shed light on the potential of utilizing spreadsheets in Physics research and provided insights into how this tool can aid in problem-solving.

Day 6

On the sixth day of the event, Dr. Sarmishtha Sahu presented an intriguing topic titled "Hitting the Bull's Eye: Let's Calculate Pi (π) Using a Monte Carlo Approach". In her presentation, she discussed a unique and engaging method of calculating the value of Pi (π) using statistical analysis through random sampling, also known as the Monte Carlo approach. She provided step-by-step instructions on how to use random sampling to estimate the value of Pi (π) through a Monte Carlo approach in a spreadsheet. Additionally, Dr. Sahu emphasized that the accuracy of the estimate of Pi (π) increases with the number of random points used in the calculation. Hence, individuals can achieve a more precise value of Pi (π) by incorporating a greater number of points in their statistical analysis. Overall, Dr. Sahu's presentation provided a unique and interactive approach to learning about the value of Pi (π) through statistical analysis.

Outcomes:

- Students learned computational skills by using spreadsheets as a tool for solving complex problems. They learned to create and use macros, automate repetitive tasks, and apply conditional formatting to manipulate data. They also learned to analyze and interpret data using tools such as pivot tables and data validation.
- Students learned how to analyze data using spreadsheets, including sorting, filtering, and data validation techniques. They also learned how to create visually appealing charts and graphs to represent data in a meaningful and impactful way.
- During the course, students developed problem-solving skills by using spreadsheets to solve real-world problems. They also developed critical thinking skills by using spreadsheets to analyze and interpret data, and make informed decisions based on the results.

SEMINAR ON INTELLECTUAL PROPERTY RIGHTS

On 26th November 2021, the Department of Biotechnology organized a lecture on Intellectual Property Rights.

Objective:

- To facilitate the exchange of information and education related to intellectual property.
- To familiarize students with the fundamentals of intellectual property rights and the process of filing patents.
- To raise awareness about filing applications for patents and other forms of intellectual property rights.
- To provide knowledge about the various types of intellectual property protection, highlighting their key differences and similarities.

The lecture was conducted by Professor Shamsher Singh Kanwar, from the Department of Biotechnology at HP University, Shimla, with extensive experience in the field of biotechnology and patent law.

The lecture started with an introduction to Intellectual Property Rights and its significance in the field of biotechnology. Prof. Kanwar discussed different forms of intellectual property protection, patents, trademarks, copyrights, and trade secrets.

He explained the process of patent filing process and the documents needed to fill the application form.

Prof. Kanwar's expertise and knowledge on the subject were evident, and the students appreciated the opportunity to learn from such an experienced resource person.

GROOMING SESSION AND GUIDANCE WORKSHOP

The Department of Commerce and Management and Placement Cell organized a grooming session and guidance workshop on 9th March 2022 to educate students about the emerging professional trends and events, job profiles, leadership roles, entrepreneurship, market needs and risks, and implementation of national socio-economic policies.

Objective- The objective of this workshop was to impart training in soft skills and prepare the students for the competitive professional world.

The resource persons for the workshop were Mr. Kiran Kurwade, Director-Office of Strategic Initiatives at Chitkara University, Chandigarh and Ms. Preeti Chauhan, General Manager- Office of Strategic Initiatives at Chitkara University, Chandigarh.

The workshop started with an opening speech by the Head of the Department of Commerce and Management, welcoming the resource persons and participants. The first speaker, Mr. Kiran Kurwade, delivered a lucid presentation on students' interview skills, communication skills and decision-making. He engaged the students in different games and activities and even awarded the winners with chocolates and gifts. His presentation was informative, interactive, and practical, and it helped students understand the importance of soft skills in their professional lives.

The second speaker, Ms. Preeti Chauhan, presented a video and informative presentation about Chitkara University's campus. She touched upon every aspect of the criteria with special emphasis on various MBA courses offered by Chitkara University. Her presentation was well-analyzed and enriched with facts and figures. She highlighted the benefits and opportunities that the students could avail by joining Chitkara University.

Outcome: The students appreciated the efforts of the resource persons and the college authorities in organizing such an event. The workshop helped students understand the importance of soft skills and how they could develop them to succeed in the professional world.

WORKSHOP ON "RESEARCH METHODOLOGY AND DATA ANALYSIS USING JAMOVİ SOFTWARE"

The Department of Commerce & Management at St. Bede's College, Shimla, organized an online one-week workshop on "Research Methodology and Data Analysis Using JAMOVİ Software" starting from October 25, 2021, in collaboration with the Internal Quality Assurance Cell (IQAC).

Objective: The workshop aimed to raise awareness about research methodology and data analysis using Jamovi software. It also aimed to provide participants with an understanding of research methodology and data analysis, with a focus on using JAMOVİ software. The workshop was structured into five modules, delivered by experienced and knowledgeable faculty members.

On day one of the workshop, Professor Devender Sharma delivered a session on research methodology from a conceptual framework perspective. He talked about the meaning of research methodology, review of literature, and research design, providing the participants with an overview of the fundamental concepts of research methodology.

On day two, Dr. Devender Sharma provided a technical perspective on research methodology. He explained the procedure for research analysis, sources of data collection, and how to prepare research reports.

Day three of the workshop was focused on the concept of measurement and scales. Dr. Madhukar Dalvi discussed the basics of inferential and descriptive statistics and the types of scales, like Likert, ordinal, etc., used in research. This session was helpful for participants as it provided them with an understanding of how to measure and analyse data in research.

On day four, the participants were introduced to the Jamovi software, which is a user-friendly software for statistical analysis. Dr. Madhukar Dalvi taught the participants how to use the software in the research process and how to make hypotheses in research. This session was highly practical and provided participants with hands-on experience of using the software.

Finally, on day five of the workshop, various types of parametric and non-parametric tests and their uses in research were discussed.

Outcome: The participants gained a deeper understanding of research methodology, including the conceptual framework, review of literature, research design, and technical perspective.

DIGITIZATION DURING COVID-19 PANDEMIC: W.R.T. CYBERSECURITY

The Department of Computer Science conducted a webinar titled "Digitization during Covid-19 Pandemic: w.r.t. Cybersecurity" on 30 June 2021 for BCA, B.Sc., B.A., BBA, and M.Com students using the MS-Teams platform.

Dr. Naveen Kumar, Assistant Professor at the Department of Computer Science, Himachal Pradesh University, Shimla, was the resource person for the webinar.

Objectives:

1. Understanding the Significance of Digitization for Cybersecurity During the Covid-19 Pandemic
2. Acquiring Cybersecurity Industry Expertise and Skills
3. Comprehending Cyber Frauds and Safeguarding Data

The session highlighted the significance of digitization in the context of cybersecurity during the Covid-19 pandemic. Dr. Naveen informed how the Covid-19 pandemic has led to an exponential increase in the use of digital technology, resulting in a surge in digital transactions, remote work, and virtual communication. He explained how pandemic has created new opportunities for cybercriminals and how they carry out cyberattacks. He stressed that robust cybersecurity protocols and standards can help prevent unauthorized access to sensitive information.

Outcomes:

- The students acquired in-depth knowledge and expertise in the cybersecurity industry.
- The students understood effective strategies for securing employment in the cybersecurity field.
- The students gained practical, hands-on experience instead of relying solely on theoretical concepts.

A DISCOURSE ON: WINNER'S EDGE

The Internal Quality Assurance Cell (IQAC) of St. Bede's College organized a discourse on "WINNER'S EDGE" on August 18, 2022, for the college students. Dr. Michael S. David was the resource person for the discourse.

Objective- The objective of the discourse was to make students aware of their hidden potential to find an ideal profession.

The discourse began with a fun exercise where students were asked to write down their birth date and the day they expected to die. This activity encouraged students to think about their lives and their goals. Dr. David then delivered a thought-provoking discourse on the "WINNER'S EDGE." Dr. David emphasized that perseverance, hard work, and a positive attitude are the keys to success.

The discourse also examined various aspects of career thinking, encouraging students to reflect on their career aspirations. Dr. David shared his personal experiences and insights about his journey to success, which helped students to relate to his message. He emphasized that it is important to identify one's strengths and weaknesses, and one should learn from his/her failures.

Outcome: The discourse motivated students to discover their hidden potential and they expressed their desire for more such sessions.

AWARENESS TALK ON "MAKING A DIFFERENCE AS A TEACHER"

An awareness talk titled "Making a Difference as a Teacher" was organized by the Department of Commerce and Management at St. Bede's College in the college auditorium on August 18, 2022, under the auspices of IQAC.

Objective- The talk aimed to enlighten the faculty members about the importance of various pedagogical methods that can engage students in their studies.

The resource person was Dr. Michael S. David who shared his expertise on the subject. He emphasized the significance of going beyond the traditional classroom teaching and imparting knowledge through personal experiences and successful teaching methods. Dr. David emphasised that it is important to have one to one connection with students and teachers should treat them as friends to bring positive changes in their lives.

He encouraged the faculty members to adopt innovative teaching strategies and modify them according to different situations and challenges. Dr. David emphasised that an interactive classroom environment helps the students explore their creativity and promotes collaboration.

Outcome- The awareness talk was informative and motivated the faculty members to reflect on innovative methods to engage their students.

IPR AWARENESS PROGRAMME

The Department of Biotechnology at St. Bede's College collaborated with The Patent Office, Kolkata under the Department for Promotion of Industry & Internal Trade (DPIIT), Ministry of Commerce & Industry, to conduct an online IPR awareness program on September 23, 2022.

Objectives-The objectives of the session were:

- To introduce the students to the basics of intellectual property rights and patent filing.
- To provide knowledge of different forms of intellectual property protection and their key differences and similarities.
- To raise awareness about filing applications for patents and other IPR.

The faculty and students from the college, and other colleges and institutions attended the webinar.

The webinar was conducted by Shri Suman Sil, an Examiner of Patents & Designs (Gr. 'A' Gazetted) who engaged the students and faculty in an informative discussion about the importance of IPR and its various forms.

Shri Suman Sil gave an overview of Intellectual Property Rights (IPR) and explained why it is important to know about them. He explained different types of IPR like patents, trademarks, copyrights, and trade secrets, clarifying how they are similar and different.

He stressed the importance of properly documenting, filing, and maintaining IPR. He also shared examples to explain how IPR can safeguard and commercialize innovations and creative works.

Furthermore, Shri Suman Sil discussed the procedures and requirements for filing patent applications and other IPR. He provided valuable insights into the legal and regulatory aspects of IPRs.

Outcome- The online IPR awareness program received a positive response from both students and faculty. They found it to be insightful and informative, giving them a clearer grasp of IPR and its relevance in various fields. The program also helped them recognize the importance of safeguarding their intellectual property and the advantages of securing patents for their inventions.

WORKSHOP ON THE MLA-STYLE SHEET

On the 14th and 15th of October 2022, the Department of English at St. Bede's College, Shimla, organised a workshop for their M.A. students on the MLA style sheet.

Objective-The workshop aimed to help the students understand the format and citing sources according to the MLA Handbook (9th edition). The workshop was conducted by the faculty, Ms. Annette James.

Session Overview: Ms. Annette James started the session by introducing the MLA style sheet and its importance in academic writing. She explained how the MLA Handbook, released by the Modern Language Association, helps researchers present their work in a standard and understandable design while allowing researchers to indulge in their research flexibly.

Ms. James then focused on the format of academic writing and how to cite sources according to the MLA style sheet. She shared some examples of correct citations and how to make references to avoid plagiarism. She also explained the importance of acknowledging sources and the consequences of not doing so.

The students were given handouts with tips for following the style sheet and academic writing. They were then guided step-by-step to cite sources, make references, and format their academic assignments according to the MLA style sheet. The students were encouraged to adopt the format to write their assignments to prepare them well for research writing when pursuing further studies.

Interactive Session: After the presentation, the session was opened for an interactive discussion, where students were encouraged to ask questions and share their views. The students asked various questions related to the MLA style sheet, citing sources, and the format of academic writing. Ms. James answered the questions in detail and provided some valuable insights.

Outcome: The workshop was a great success, and the students benefited a lot from the insights shared by Ms. James. The session was informative, interactive, and provided practical tips that students can use to improve their academic writing. Such workshops help students improve their academic writing skills and prepare them for research writing when pursuing further studies.

HOW TO BUILD AN AMAZING RESUME/CV

On October 19, 2022, the Department of English at St. Bede's College organised an online presentation on "How to Build an Amazing Resume/ CV". The presentation aimed to help the students understand how to create an effective Resume/ Curriculum Vitae for job applications. The presentation was conducted by Dr. Deepika Pant, Assistant Professor, Department of English Kumaun University, Nainital, Uttarakhand.

Session Overview: Dr. Deepika Pant started the session by introducing the importance of a Resume/ Curriculum Vitae in job applications. She explained the significance of presenting oneself effectively on paper and how a well-crafted Resume/ CV can make all the difference in getting shortlisted for a job interview.

Dr. Pant then focused on the key elements of a Resume/ CV, such as personal details, educational qualifications, work experience, skills, achievements, and references. She shared some examples of effective Resumes/ CVs and explained how to customize them according to the requirements of different countries and job profiles.

The students were given practical tips on how to write their Resume/ CV, such as using simple language, highlighting their strengths, and tailoring their Resume/ CV to suit the job they are applying for. Dr. Pant also stressed the importance of being truthful while writing a Resume/ CV, as any false information can have serious consequences.

Interactive Session: After the presentation, the session was opened up for an interactive discussion, where students were encouraged to ask questions and share their views. The students asked various questions related to building an effective Resume/ CV. Dr. Pant answered the questions in detail and provided some valuable insights.

Outcome- The session was interactive, and provided practical tips that students can use to improve their Resume/ CV writing skills. The students gained a better understanding of the key elements of a Resume/ CV, such as personal details, educational qualifications, work experience, skills, achievements, and references. They are now aware of the importance of presenting themselves effectively on paper and how a well-crafted Resume/ CV can make all the difference in getting shortlisted for a job interview.

WORKSHOP ON "HOW TO CRACK BANK EXAMS"

On November 18, 2022, the Department of Commerce and Management organized a workshop for final-year students of B.Com and BBA titled "How to Crack Bank Exam."

Objective- The objective of the workshop was to provide guidance on how to succeed in Bank Exams.

Ms. Kanik Kothiala an alumni and Deputy Manager SBI and Mr. Rajender Singh, Manager at SBI were the resource persons.

Ms. Kanik Kothiala started the workshop by sharing her own journey of cracking the banking exam. She emphasized that the key to cracking the banking exam is perseverance, hard work, and dedication.

Ms. Kothiala also provided students with valuable guidance on how to approach the banking exam. She advised the students to focus on the basics and strengthen their fundamentals. She highlighted the importance of time management and advised students to divide their time effectively between different sections of the exam.

Mr. Rajender Singh gave the students insights into the work environment in a bank and the different career opportunities available in the banking sector. The students appreciated the workshop and found it informative and helpful.

Outcome- The workshop helped the students understand the right approach to crack bank exams.

TWO-DAY NATIONAL CONFERENCE TITLED 'NOVEL PROGRESSIONS IN SCIENCE AND TECHNOLOGY-2022'

On November 28th and 29th, 2022, the science department of St. Bede's College held a two-day National Conference titled 'Novel Progressions in Science and Technology-2022.'

Objective: The aim of the conference was to facilitate the exchange of new ideas, research experiences and applications, and foster global partnerships for future collaborations.

The conference was inaugurated by Dr. Shashikant Sharma, member of the HP Private Institutions Regulatory Commission, who also released the abstract book along with the organizing committee of the conference.

The conference had a total of five technical sessions, where five eminent speakers delivered their talks on their areas of expertise. The speakers for the sessions were Dr. Lakhveer Singh, Prof. Ashish Arora, Prof. Pradeep Kumar, Dr. Manoj Kumar Sharma, and Dr. Tarun Sharma. Each session was chaired by a different person, namely Dr. Sandeep Chauhan, Dr. Kanu Mehta, Prof. Sunil Thakur, Dr. Sunil Kumar, and Dr. Balvir Patiyal.

The conference included both oral presentations and poster sessions, and from each of these sessions, two winners were selected based on their performance.

The winners for the oral presentation were Mr. Bhagwati Prashad Sharma (first place) and Ms. Shivani Chauhan (second place). The winners for the poster presentation were Mr. Mohammad Parvez (first place) and Miss Astha Dhawan (second place).

About the College

St. Bede's College located at Nainital, Shimla, Himachal Pradesh, is a historical and educational landmark of North India which aims primarily at providing quality higher education and training to women. Established in 1904, the institute was Re-Accredited with A+ grade for the third time by NAAC in 2016. It has also been granted College with Potential for Excellence and Heritage Status by UGC.

About the Conference

The objective of the conference is to provide a common platform for the exchange of new ideas, applications, and research experiences, establish business or research relations, and find global partners for future collaborations.

Sub themes of the Conference

- ❖ **Advancements in Nanoscience**
- ❖ **Environment Sustainability, Biodiversity and Agricultural Science**
- ❖ **Biological techniques in Life Sciences**
- ❖ **Bio-engineering, Bio-therapeutics and Sustainable Food Technology**
- ❖ **Development in Natural and Chemical Science**
- ❖ **Advances in Mathematical and Physical Sciences**
- ❖ **Artificial Intelligence and Computational Research**
- ❖ **Start-ups, Innovations & Technology**

Advancement in Nanoscience

Nanoscience is an emerging zone of science which dealt with the study of structures and the unique applications of materials on an ultra-small scale. It has the potential to reshape the world around us. It could lead to revolutionary breakthroughs in fields ranging from manufacturing to health care. The term nanoscience is cross disciplinary, meaning scientists from a range of fields including chemistry, physics, biology, medicine, computing, materials science and engineering are studying it and using it to better understand our world. However, the similar term nanotechnology is the design, production and application of structures, devices and systems at the nanoscale and hence also called as molecular manufacturing. So specifically, one is dealing with the investigation of the range of nanoscale materials and their altering properties while the other is using those materials and properties to generate something new or different.

Environment Sustainability, Biodiversity & Agricultural Science

Biodiversity is the variety of plant and animal life in the world, including their genetic, species and ecosystems diversity. Biodiversity is the key indicator of the health of an ecosystem. It

is essential for sustainable development and human well-being. It reinforces the facility of food, fibre and water and provides resilience to climate change. Biodiversity and agriculture are strongly interrelated because both contribute towards environmental sustainability. Despite these important roles in sustainable development and ecosystem services, biodiversity is lost due to over exploitation of resources, there is a risk that some thresholds will be passed; which may cause ecosystem imbalance. Hence conservation and sustainable use of biodiversity must require for mitigation and adaptation to climate change.

Biological Techniques in Life Sciences

Biological techniques are an essential part of life sciences study. Biological techniques refer to any physical or chemical technique that is used to study biological processes. From the single cell to the most complex organs a wide variety of tools and techniques enrich our understanding of the living world. As the modern science progresses more and more new tools are being utilized for the same purpose. With these new advancements a plethora of information previously unknown to the scientific community is being unraveled at an astonishing pace. Immense new possibilities in the fields of medicine, agriculture and environment preservation have arisen.

Bioengineering, Bio-Therapeutics & Food Biotechnology

Bioengineering is a discipline that applies engineering principles of design and analysis to biological systems and biomedical technologies. It is a relatively new discipline that combines many aspects of traditional engineering fields such as chemical, electrical and mechanical engineering. Bioengineering research include bacteria engineered to produce chemicals, new medical imaging technology, portable disease diagnostic devices, and tissue engineered organs. Bio-therapeutics are "antibody-drug cell therapy products where the active substance is extracted or produced from a biological source." These products include recombinant proteins and hormones, monoclonal antibodies (mAbs), cytokines, growth factors, gene therapy products, vaccines, cell-based products, gene-silencing/editing therapies, tissue-engineered products, and stem cell therapies. Bio-therapeutics has become an integral part of modern medicine and is increasingly used to treat and prevent serious diseases, illnesses or infections. They have been highly effective in the treatment of a range of conditions- from cancer to diabetes to rheumatoid arthritis and more. Food biotechnology is the application of modern biotechnological techniques to the manufacture and processing of food products, food ingredients and food additives. The food industry has gone through major changes in response to consumers' demand like low calories food products enriched with natural ingredients and additives rather synthetic ones. This research area covers a wide range of

biotechnological applications as well as food production, food processing, and food preservation.

Natural & Chemical Science

This theme covers all field chemistry that deals with the properties, composition, and structure of substances, the transformations they undergo, and the energy that is released or absorbed during these processes. Scientists are extensively involved to develop theories of matter that satisfactorily explain both permanence and change. To understand these complex behaviours, this field is divided into three parts physical, organic and inorganic chemistry. To understand deep inside the field, it is further explained through several disciplines. For example, analytical chemistry, theoretical chemistry, biochemistry, medicinal chemistry, neurochemistry, material chemistry, nuclear chemistry, electrochemistry, astrochemistry, quantum chemistry, computational chemistry, flavor chemistry, natural product chemistry, organometallic chemistry, petrochemistry, photochemistry, polymer chemistry, radiochemistry, supramolecular chemistry, synthetic chemistry, agrochemistry, atmospheric chemistry, chemical engineering, chemical biology, chemo-informatics, environmental chemistry, geochemistry, marine chemistry, pharmacology, phytochemistry, solid-state chemistry, thermochemistry, and many others.

Advances in Mathematical & Physical Sciences

In today's era of science and technology, the role of an interdisciplinary area developed on the crossroad of many science disciplines. There are many examples of implementing numerous models discovered by physics, chemistry and mathematics for the development of science and technology. This sub-theme deals with all the domains of pure and applied mathematics and physics which include Algebra, Number Theory, Graph Theory, Calculus, Matrices, Topology, Discrete Mathematics, Probability, Operational research, Fluid dynamics, Numerical analysis and computational analysis, Cryptography, Real Analysis, Materials and Photonics, Biomaterials and Biophysics, Condensed matter theory, Soft matter, Quantum Engineering and Computational condensed matter Physics, Mechanics and Mechanical engineering, Nuclear physics, Astrophysics, Plasma Physics, Optical Physics, Statistical Mechanics, Elementary Particle Theory, Gravitation and String Theory.

Artificial Intelligence & Computational Research

Artificial Intelligence and Computational Research are the theory, design, application, and development of biologically and linguistically motivated computational paradigms. Artificial intelligence is more like human intelligence, thinking strategically, abstractly, and creatively, with the ability to handle a wide range of complex tasks. Computational research is an evolving field which encompasses computing paradigms like

ambient intelligence, artificial life, cultural learning, artificial endocrine networks, social reasoning, and artificial hormone networks. Computational research plays a major role in developing successful intelligent systems, including games and cognitive developmental systems. Over the last few years there has been an explosion of research on deep learning, machine learning and neural networks. Nowadays, deep learning and machine learning has become the core method for artificial intelligence.

Innovation, Technology & Start-Up

Nowadays, Start-ups are being widely recognised as important engines for growth and jobs generation. Through innovation and scalable technology, start-ups can generate impactful solutions, and thereby act as vehicles for socio-economic development and transformation. For innovative entrepreneurs, the process of solving the customer's problems begins with observing people and keeping abreast of technological changes. The idea is not to eliminate the superfluous functions of a product or service but to tap innovative entrepreneur's in-depth knowledge of a particular subject in order to define the essence of the problem. Start-ups not just solve customer's problems but give it an innovative approach and reach to their needs through an intelligent way.

Abstract Submission

Abstract for the poster or oral presentation should not exceed 300 words. It should be written in TIMES NEW ROMAN and 12 font size with 1.5 spacing. Selected abstracts will be published in the form of full papers in college Journal "The Bede Athenaeum" (Peer reviewed).

Oral/ Poster Presentation

Power point presentation for the selected abstracts should not exceed 12 slides and must comprise methodology, results and outcomes. Poster should be prepared in a prescribed format i.e. height (4 feet) x breadth (3 feet).

Registration

Last date for Abstract Submission and Registration- 25 October, 2022

Registration fee

SEMINAR ON "CAREER COUNSELING"

On February 20, 2023, Mr. Kiran Kurwade, the Director Professor of Strategic Initiatives in Chitkara University, conducted a seminar in the auditorium of St. Bede's College, Shimla. Around 200 students from B.COM, BBA, BCA, and B.A programs attended the seminar.

Objective-The objective of the seminar was to provide guidance to crack interviews.

In the ice breaking session, Mr. Kiran conducted various engaging activities and games and rewarded the winners with chocolates.

He shared various techniques to become successful in life, highlighting the importance of having a purpose, passion, and money (3P's) to move towards achieving goals. He suggested that SWOT analysis must be used to identify strengths, weaknesses, opportunities, and threats. He also provided tips on how to crack interviews and suggested the students to practice mock interviews with friends or family members and work on their body language and communication skills.

Outcome- The students gained valuable insights and guidance from Mr. Kiran, and the seminar helped them to understand the importance of having a purpose, passion, and money (3P's) to move towards achieving goals.

TWO-DAY PROGRAM ON "DISCOVERIES IN SCIENCE AND SUSTAINABLE DEVELOPMENT"

The Science Departments of St. Bede's College Shimla, in collaboration with Physics Teachers (IAPT) and Indian Science Congress Association, Shimla Chapter (ISCA), organized a two-day program called "Discoveries in Science and Sustainable Development" on the 28th of February and 1st of March 2023.

Objective- The aim of the program was to celebrate Science Day to raise awareness and promote scientific thinking among students.

The theme for the event was "Global Science for Global Well Being." The program was attended by students from various colleges in Himachal Pradesh.

Dr. R. K. Dhiman, Director of the Institute of Himalayan Bioresource Technology was the chief guest who gave a speech on the importance of science and sustainable development. Professor S. S. Kanwar, delivered a talk on the topic "Microplastics: Omnipresent Pollutant and the Health Issue" which focused on the growing concerns of microplastic pollution and its potential health impacts on humans and wildlife. He also discussed methods to reduce plastic waste and promote sustainable production and consumption patterns. The lecture was followed by the screening of the film on cyclotron and the demonstration sessions, where students had hands-on experience with various science experiments.

Inter-college science quiz competition was also organised in which six teams participated. The program also included a sky-watching session, where participants got to observe various celestial objects through telescopes. This was followed by an exhibition by science students, where they showcased their research projects and models related to sustainable development.

Outcome- Participants gained valuable insights and knowledge about science and sustainable development through various activities and talks.

INTERNATIONAL SEMINAR ON TRANSFORMATION OF INDIA @ 75

On March 3rd and 4th, 2023, the Department of Economics and Commerce and Management at St. Bede's College in Shimla hosted an International Seminar on the "Transformation of India @ 75." This significant event was sponsored by the Indian Council of Social Science Research (ICSSR) as part of the Azadi Ka Amrut Mahotsav initiative.

Objective: The primary aim was to provide a platform for experts to engage in discussions about the challenges and opportunities facing India.

The inaugural session on the first day was graced by the presence of the Hon'ble Education Minister, Sh. Rohit Thakur, the chief guest of the event. He lauded the college for hosting this platform that encourages active engagement in thought-provoking conversations and constructive idea exchanges. Dr. Anupama Tandon Tomar, the seminar's convener, underscored the conference's significance in expediting sectoral development and finding resolutions to cross-sectoral issues.

The seminar featured distinguished keynote speakers, Professor Aoulad Hosen and Professor Anoop Saxena, who delivered insightful talks on role of innovation, sustainable development, and the challenges that developing nations encounter while striving for economic growth. Additionally, the seminar included panel discussions where experts like Prof. Ashok Aima, Professor Kate Nickelchok, Dr. Aparna Negi, Prof. Meenakshi F. Paul, and Prof. N.S. Bist shared their invaluable insights on the sub-themes of the seminar.

On the second day, Dr. Yash Chawla delivered a keynote speech and talked about global challenges, including climate change and poverty. Dr. Chawla highlighted the need to embrace emerging technologies like AI and discussed the transformative impact of digitalization on innovation and research. He introduced the concept of the "five Cs of innovation" and underscored the importance of nurturing deep tech talents. Real-world examples of AI-based companies were cited to illustrate the potential for innovation. Dr. Chawla also stressed the significance of identifying pertinent problems and using innovative approaches to solve them.

The technical sessions on both days included presentations and discussions on impact of technology on job opportunities, the role of education, challenges faced by small and medium-sized enterprises in India and so on.

The Valedictory Ceremony marked the culmination of this enlightening three-day seminar on India's transformation. The seminar report summarized the key takeaways and emphasized the importance of such events in shaping India's future. Awards were presented to recognize outstanding papers, and Dr. Hosen, the chief guest, reiterated the need for sustained efforts in areas such as education, health, and infrastructure. The ceremony concluded with a heartfelt vote of thanks expressed by the organizing committee to the chief guest, ICRRR, resource persons, keynote speakers, and participants for their invaluable contributions.

Outcome: The seminar allowed exchange of ideas and knowledge, leading to a better understanding of India's journey towards progress.

प्रिंसिपल प्रो. सीनियर मौली अग्रवाल ने कहा कि संगोष्ठी में पूर्ण सत्र और 10 तकनीकी सत्र शामिल होंगे, जिसमें राष्ट्रीय सुरक्षा, संस्थागत परिवर्तन और परिवर्तन, आत्म निर्भर भारत, डिजिटल इंडिया, एमईपी, जीएसटी और डिजिटल इंडिया जैसे उप-विषय शामिल होंगे। संगोष्ठी के विशिष्ट मुख्य वक्ता प्रोफेसर विज्ञान और प्रौद्योगिकी विश्वविद्यालय पोलैंड से डॉ. यश चावला, प्रो. औलाद बोसेन, शैक्षणिक समिति, सामाजिक विज्ञान, राष्ट्रीय विश्वविद्यालय, बंगलादेश के अध्यक्ष प्रो. केट निकलस, विशेष सलाहकार नवाचार होंगे।

लिए तकनीकी विकास के महत्व पर जोर देगा। आगामी सम्मेलन में दुनिया भर के प्रतिष्ठित शोधकर्ता, शिक्षाविद्, नीति निर्माता और शोध विद्वान विचारों का आदान-प्रदान करने और अपने दृष्टिकोण साझा करने के लिए एक साथ आएंगे।

Seminar at Saint Bede's

TRIBUNE NEWS SERVICE

SHIMLA, MARCH 4
An international seminar on "Transformation of India at 75" was organised at Saint Bede's College here on Saturday. The Indian Council of Social Science Research (ICSSR) had sponsored it under the aegis of the Azadi Ka Amrut Mahotsav.

Education Minister Rohit Thakur, who was the chief guest on the occasion, lauded the college for hosting the seminar and exhorted the participants to actively engage in thought-provoking conversations and a constructive exchange of ideas.

Anupama Tandon Tomar, convener of the seminar, talked about the importance of the conference in accelerating sectoral development and resolving inter-sector issues.

The technical sessions saw presentations and discussions on topics such as the impact of technology on job creation, role of education in driving transformation and the challenges faced by small and medium enterprises in India.

TWO-DAY NATIONAL SEMINAR ON "BUILDING A RESILIENT FUTURE: INTEGRATING ENVIRONMENT, ECONOMY, AND TECHNOLOGY"

The department of Geography organized a two-day national seminar on "Building a Resilient Future: Integrating Environment, Economy, and Technology" on March 24-25, 2023.

Objective: To combine the three pillars of sustainable development - Economy, Environment, and Society (Technology).

The event featured the Chief Guest, Shri Harish Janartha, Honourable Member of the Legislative Assembly Shimla Urban, and two keynote speakers: Dr. Sanjeev Sharma and Dr. Amrita Bajaj, who presented on mountain environmental sustainability and sustainable smart cities, respectively. The seminar included technical sessions, where researchers and students presented their research on various themes related to sustainable development. The experts and delegates gathered to discuss and present on the latest developments in environmental protection and sustainable development.

Outcomes: The seminar raised awareness about close connectivity between urban development and environmental sustainability.

WEBINAR ON ENTREPRENEURSHIP

Collaborating Agency: Industry

No. of Participants:80

Organizing Unit: Department of Zoology

On March 2, 2023, the Department of Zoology at St. Bede's College organized a webinar on entrepreneurship skills in insect farming and livestock management.

Objective- The webinar aimed to explore insect farming as a sustainable business for animal feed and food production.

The webinar was attended by approximately 80 participants, including students from various colleges and farmers. Two distinguished resource persons, Prof. V.K. Mattu (Emeritus) from Himachal Pradesh University and Dr. Moneesh Thakur, Veterinary Officer at Veterinary Hospital Harchakian Kangra, Himachal Pradesh, were the speakers at the event.

The webinar focused on the various prospects in beekeeping and livestock entrepreneurship as a cottage industry. Prof. V.K. Mattu spoke about beekeeping and entrepreneurship in the era of digitalization, while Dr. Moneesh shared insights on livestock entrepreneurship management. The panelists shared their experiences and insights on the best practices, techniques, and strategies that can be adopted to succeed in this field.

Outcome: The webinar provided participants with a comprehensive understanding of insect farming, its potential benefits for animal feed and food, and various aspects like insect types, production, processing, market potential, sustainability, regulations, and public perception challenges.

GUEST LECTURE ON RESEARCH METHODOLOGY

On September 17, 2022, a guest lecture on "Research Methodology" was organized for M. Com students, imparting invaluable insights into the world of academic research. Dr. Devender Sharma, a distinguished faculty member from the Commerce Department of HPU (Himachal Pradesh University), was the guest speaker for the event.

Objective: The aim of the lecture was to make students aware of research methodologies and guide them in writing research projects.

Dr. Devender Sharma highlighted the significance of a structured and systematic approach to conducting research, emphasizing its role in generating reliable and valid results. While discussing the topic of hypothesis testing, he demonstrated how it forms the basis for drawing conclusions and making inferences from collected data. The students gained valuable insights into formulating research questions and hypotheses, crucial steps in the research process.

For review of literature, he encouraged the students to explore various academic resources to lay a strong foundation for research.

Dr. Devender Sharma guided the students in setting clear research objectives, defining the scope of their projects, and selecting appropriate research methods. He also shared valuable tips on structuring research reports, organizing data, and crafting impactful conclusions.

Outcome: The lecture proved to be immensely beneficial for the M. Com students, equipping them with essential research tools and empowering them to navigate the challenges of their research projects effectively.
